Leicester's Climate Emergency Conversation

This briefing note explains what the climate emergency is and how the public can have their say by taking part in the Climate Emergency Conversation.

What is the climate emergency?

Human activity produces greenhouse gases, particularly carbon dioxide. These gases cause climate change, raising the average temperature of the world. This is already causing extreme weather, sea level rise and damage to nature. If we don't take urgent action, these impacts will get much worse in the future.

What are we doing about it?

Leicester City Council has been taking steps to tackle climate change for a number of years and we are on track for the city's carbon emissions to halve by 2025. However, it has become clear that we need to go a lot further than this. We need to redouble our efforts and encourage others across the city to take action too.

For this reason Leicester City Council declared a Climate Emergency on 1st February 2019. Since then over half of other UK councils have now done likewise.

Declaring a climate emergency means we are prepared to play our part. Alongside other cities around the world, we are committed to taking the action needed to prevent climate change becoming much worse.

We are also developing a vision for how Leicester will need to change, alongside new actions and a target for the city to become 'carbon neutral'. This will need coordinated and shared action from us, the public and the UK government.

Join the conversation

Responding to the climate emergency will mean making big changes to the way we all live and work. We want to make sure that everyone in Leicester can have their say on how the council and the wider city should respond and how it will affect them. We are running Leicester's Climate Emergency Conversation from 18th November 2019 to 9th February 2020 for you to have your say.

Through the conversation, the council is seeking to gain the views of the widest possible range of people and organisations in the city. This is made possible by the availability of a selection of channels which combine traditional consultation methods with more innovative approaches, as summarised below:

Online questionnaire Available throughout the conversation period (18th November 2019 – 9th February 2020) on the council's [Consultation Hub](#) on our website: Leicester.gov.uk

Community discussions A conversation pack is available throughout the conversation period for any group of people wanting to run their own discussion

Leicester's Climate Emergency Conversation

event and to feed back the results. The pack is available by emailing sustainability@leicester.gov.uk

Leicester's Climate Assembly A one-day workshop event on Saturday 18th January 2020 run in partnership with the RSA. The event is designed to find out the views of a cross-section of Leicester's population. It will help people to learn more about the climate emergency and our proposals, and to share their views directly. Anyone interested in applying to take part should email sustainability@leicester.gov.uk.

Young People's Climate Assembly A one-day workshop event on Monday 27th January 2020 for city secondary schools, supported by Leicester's Youth Council. Schools interested in taking part should contact Lee Jowett, Environmental Education Co-ordinator at the council. Email lee.jowett@leicester.gov.uk

Dialogue The council's online moderated forum will open for discussion of a series of climate emergency 'challenges' starting on Monday 16th December. In addition to challenges posted by the council, participants can post their own ideas for comment.

BREXIT

ARE YOU AN EEA NATIONAL OR THE FAMILY MEMBER OF AN EEA NATIONAL?

Following the decision by the UK to leave the European Union (Brexit), the Government has announced that arrangements will be put in place for EEA nationals and their family members to secure their rights to live and work in the UK after 29 March 2019, the date when the UK is scheduled to leave the European Union. [This is the information available as at 1 February 2019.](#)

HOW LONG WILL IT TAKE?

We do not yet know how long it will take for applications to be processed, but in the pilot phase of the scheme, decisions were given in approximately 9 days.

WHAT IF I ALREADY HAVE A RESIDENCE CARD?

EU nationals and their family members who already have documents showing the right of permanent residence or indefinite leave to remain will be able to exchange their existing document for settled or pre-settled status, subject to criminality and security checks. If you have Indefinite Leave to Remain (ILR), you are not required to apply for settled status, but you may do so if you wish. If you have a Permanent Residence document (PR) as an EU national or EU family member, you must prove that your PR has not lapsed through an absence from the UK of more than 5 consecutive years.

WHAT EVIDENCE WILL I GET OF MY STATUS?

EU nationals will not receive a residence document. Evidence of your settled or pre-settled status will take the form of a digital code. Non-EU nationals (family members of EU nationals) will receive a Biometric Residence Permit if they do not already hold one.

THE EU SETTLEMENT SCHEME

All EU nationals must apply to the EU Settlement Scheme before the deadline of 30 June 2021¹ in order to protect their rights to continue living and working in the UK. Failure to apply by that deadline means you will lose the right to live and work in the UK.

WHEN CAN I APPLY?

The application system is fully open from 30 March 2019. All EU nationals resident in the UK by 31.12.2020² must apply for status under the EU Settlement Scheme by 30.06.2021 in order to retain their rights following the UK's withdrawal from the European Union. A pilot scheme is now open.

HOW DO I APPLY?

Applications must be made online and through a smartphone app. An assisted digital service may be available via a helpline number for people who can't make an online application.

1. If there is a "no deal" Brexit, the deadline for applications will be brought forward to 31 December 2020
2. If there is a "no deal" Brexit, the deadline for becoming resident in the UK in order to acquire settled status will be 29 March 2019

WHAT EVIDENCE WILL I HAVE TO PROVIDE?

Everyone will need to provide proof of identity (passport, ID card, Biometric Residence permit). The online form will automatically check HMRC and DWP records. You may need to provide additional proof of residence in the UK. Documents can be scanned and uploaded digitally or sent by post. You will need to provide a recent photo and you may need to have your biometrics (photo and fingerprints) taken at a UK Visa and Citizenship Application Service Centre: further details of these Centres will be provided at a later stage.

You will only need to show that you have been living in the UK continuously – you will not need to show that you have been working, self-employed or self-sufficient during the time that you have been living in the UK. Absences from the UK of up to 6 months in any year are not counted.

WHAT STATUS WILL I RECEIVE?

EU nationals and their family members will be awarded either:

Settled Status (equivalent to permanent residence or indefinite leave to remain) if you have lived in the UK continuously for a period of 5 years by 31.12.2020 (or by 29.3.2019 if there is no deal).

Pre-settled Status if you have lived in the UK for less than 5 years by 31.12.2020 (or by 29.3.2019 if there is no deal). You can apply for settled status as soon as you have lived in the UK continuously for 5 years.

NON-EU FAMILY MEMBERS OF EU NATIONALS

A family member of an EU national may also apply for settled or pre-settled status under the EU Settlement Scheme. It is best if you apply at same time as your EU national sponsor, as proof that the EU national has been granted status under the EU Settlement Scheme can be used as evidence for your application.

HOW ARE IRISH NATIONALS AFFECTED?

Irish nationals are not required to apply under the EU Settlement Scheme but can do so if they wish. Non-EU family members of Irish nationals must apply and can obtain settled status even if their Irish sponsor doesn't apply.

HOW MUCH WILL IT COST?

There is no fee payable once the scheme opens fully on 30 March 2019. People applying during the pilot phase will be asked to pay £65 (£32.50 for a child) but this will be refunded.

WHAT SHOULD I DO NOW?

EU nationals and their non-EU family members who hold a valid Biometric Residence Permit may apply now using an app which can be downloaded to an Android device. All EU nationals and their family members will be able to apply online from 30 March 2019. If you wish to apply for naturalisation as a British citizen in the near future, you may prefer to apply now for permanent residence documentation. Non-EU nationals may need to apply for residence documentation before the scheme opens if their existing residence document has expired.
