HIGHWAYS & TRANSPORT UPDATE	<ul style="list-style-type: none"> • Highways would install cycle racks requested through Local Environmental Works (LEW) between St Andrews Road and Duncan Road. • Pork Pie Library – a proposal for additional parking for disabled access was being considered. If approved, would be in place in approximately 6 months. • Bloomfield Road – 20mph speed humps. Approval was awaited to begin to install the scheme. • Parking on land belonging to Highways could be enforced through the Parking Enforcement Team. Traffic restrictions on private land were enforced through the private contractor CMS. Highways were looking into the transfer of private land to Highways in some areas. • As the area around Martindale Close had some loading restrictions, there was the possibility of a hybrid residents parking scheme with different elements, for example, pay & display during the daytime, changes on match days. It was suggested that St Andrews Estate be included in the review of the 'Nut' streets parking scheme when due. • The hospital multi-storey car park had improved traffic flow in the area. 	<p>All to note</p> <p>Highways Officer</p>

Some ward funding held by Housing last year might go to the Neston Gardens area. • A bid for housing funds would be submitted next financial year to redo flooring at Heathcott and Neston blocks over a two year period. • Parking issues at Heathcott Road flats would be looked at as a future scheme. • Housing officers to consider including spray washing and cleaning of buildings in the programme. Residents advised to submit a bid for cleaning, which would then be costed and prioritised subject to available funding. Councillors requested a quote for the clean, and possible future use of ward funding. • Housing officers to consider whether the Probation Community Payback scheme could be used to clear weeds in the area if there was a least a half day worth of work. If items of rubbish could identify the owner, a witness statement was not required. • Fly tipping should be reported as soon as possible, either through the 'Love Leicester' app or by phone. • Problems had been experienced with waste dumped in streets when students moved out, bins left out, and waste at the side of dustbins which bin men would not pick up. The meeting was reminded of the orange bag recycling scheme and special collections for bulk waste. Community Protection warning letters would be sent to offenders, and if waste was not removed a Community Protection Notice (CPNs) would be served with a £100 FPN served to the owner occupier, increasing in cost through non-payment. • Landlords would be contacted to inform them that no waste from the property should be left on the highway, and for them to offer advice to the tenant. City Wardens would also have a stall at Freshers' 	<p>All to note</p> <p>City Warden</p>
