Fly-Tipping

Fly Tipping is a consistent issue in the area and over the last few months this has seen an increase locally due to lock down restrictions and more people staying at home. A number of fly-tips have been investigated by the City wardens. Enforcement action has been taken in cases where we have been able to identify the owner of the waste. NO TIPPING signs have been put up along Churchward Avenue to help with the prevention of fly tipping.

Bins On Street

please remember to put your bin away after collection. Notices have been sent to residents who fail to take there bin in areas include Pankhurst road and Blakeahay Close

Untidy Land

Barnsdale road untidy land in march I investigated the rubbish dumped and served the land owners notice to clear the land of waste. This has shown to be successful for a short while and now a different part of the land has accumulated waste. As a result the legal process is now under way to get the rubbish removed .

Community Action Day

First I would like to thank the ward for the £500 to go towards the community project being jointly ran by city wardens And Places for people. After several conversations we have decide to put this back till either autumn or spring as what we planned to do has grown bigger so this will give us more time to get organised. We were going to do a joint community project to tidy up the area along Glovers walk. Places for people have now possibly got some extra funding and wish to work with the council on a bigger community project involving sport, employment ,wellbeing and a clean up in the ward.

More details will be available once things are in place.

If you want to report any environmental issues you can contact your local City Warden at City.Warden@Leicester.gov.uk
