PART A

1. The Licensing Objectives

In exercising most of their functions under the Gambling Act 2005 (the Act), the City Council must have regard to the licensing objectives as set out in Section 1 of the Act. The licensing objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

It should be noted that the Gambling Commission has stated: “The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling.” Guidance issued to licensing authorities by the Gambling Commission¹ refers to the National Strategy to Reduce Gambling Harms², and notes that experience suggests that close working between licensing authorities and public health colleagues can deliver important results in relation to the third objective of “protecting children and other vulnerable persons from being harmed or exploited by gambling”.

The Act requires that the City Council should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission
- in accordance with any relevant guidance issued by the Gambling Commission
- reasonably consistent with the licensing objectives, and
- in accordance with the authority’s statement of licensing policy

2. Introduction

Leicester City Council is a unitary authority situated in the County of Leicestershire. The Council area has a population of 330,000 (2011 Census), covering 73.09 square kilometres (28.22 square miles).

¹ [Guidance to licensing authorities - Gambling Commission](#)

² [Reducing Gambling Harms - Gambling Commission](#)

The City Council is required by the Gambling Act 2005 to publish a statement of the principles that it proposes to apply when exercising its functions. This statement must be published at least every three years. The statement must also be reviewed from “time to time” and any amended parts re-consulted upon. The statement must be then re-published.

Leicester City Council consulted upon this policy statement before finalising and publishing it. A list of the persons we consulted directly is provided below. It also enabled consultation via its website and sent out copies of the draft policy and questionnaire on request.

The Gambling Act requires that licensing authorities consult:

- the Chief Officer of Police;
- one or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority’s area;
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority’s functions under the Gambling Act 2005.

The City Council consulted the following:

- Leicestershire Police
- Existing providers of gambling facilities in Leicester:
- Leicester City Council’s Children’s Services Department
- Leicester City Council’s Public Health Department
- Other consultees:
 - Betting and Gaming Council
 - Lotteries Council

- BACTA
- Bingo Association
- British Horseracing
- Remote Gambling Association
- Advertising Association
- National Casino Forum
- Gamcare
- Salvation Army

Our consultation took place between xxxxx 2024 and xxxx 2024. The policy was approved at a meeting of the Full Council on xxxxxx 2024.

Should you have any comments about this policy statement please send them via e-mail or letter to the following contact:

Name: Licensing Team Manager (Policy and Applications)

Address: Licensing Section, Leicester City Council, City Hall, 115 Charles Street, Leicester LE1 1FZ

E-mail: licensing@leicester.gov.uk

It should be noted that this policy statement will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing this licensing policy statement, the City Council declares that it has had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission, and any responses from those consulted on the policy statement.

4. Responsible Authorities

The City Council has designated the Local Safeguarding Children Partnership Board as the body it considers competent to advise the authority about the protection of children from harm. The principles applied by the City Council in making this designation are:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group etc

The Responsible Bodies under the Gambling Act 2005 are:

- Leicester City Council Licensing and Public Safety Committee
- The Gambling Commission
- Leicestershire Police
- Leicestershire Fire and Rescue Service
- Leicester City Council Development Control Team
- Leicester City Council Environmental Health
- Leicester City Council Planning Department
- Leicester City Council Local Safeguarding Children Partnership Board
- HM Customs and Excise

Their contact details are available via the Council's website at: www.leicester.gov.uk/licensing.

5. Interested parties

Interested parties can make representations about licence applications or apply for an existing licence to be reviewed. Interested parties are defined in the Gambling Act 2005 as a person that -

- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities,
- b) has business interests that might be affected by the authorised activities, or
- c) represents persons who satisfy paragraph (a) or (b).

The licensing authority is required to state the principles it will apply in determining whether a person is an interested party. The principles are:

- Each case will be decided upon its merits.
- The City Council will not apply a rigid rule to its decision making, and will consider the examples of considerations provided in the Gambling Commission's Guidance to local authorities (8.9-8.17)

Interested parties can be persons who are democratically elected such as Councillors and MP's. No specific evidence of being asked to represent an interested person will be required as long as the councillor / MP represents the ward likely to be affected. Other than these persons, the City Council will require written evidence that a person 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or business interests that might be affected by the authorised activities. A letter from one of those persons, requesting the representation is sufficient.

If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Sub-Committee dealing with the licence application. If there are any doubts then please contact the Licensing Section:

6. Public Health and Gambling in Leicester

The Public Health Team of Leicester City Council has recently conducted a 'Gambling Harms Needs Assessment', the full document can be found here (insert weblink), however a summary of the findings can be found below:

1. **Summary of literature:** It is estimated that around 54% of the general population take part in gambling at least once in a year (when not including the national lottery, this figure drops to 40%). Problem gambling (gambling to a degree that compromises, disrupts or damages family, personal or recreational pursuits) is estimated to be experienced by 0.4% of the population; At-risk gambling (gambling that leads to less severe negative

consequences) by 3.8%; and around 7% are negatively affected by someone else's gambling ('affected others'). If these estimates were accurate for Leicester's 368,600 population (1), this would suggest there to be around 1,500 experiencing problem gambling, 14,000 experiencing at-risk gambling, and 26,000 affected others. Problem gambling is associated with worsened mental health, alcohol and substance use and higher risk of suicide; people aged 20-49 who experience problem gambling are 19 times more likely than average to die by suicide.

2. **Local profile related to gambling:** Population demographics of Leicester have several characteristics associated with an increased risk of problem gambling, including having a larger-than-average proportion compared to England who are: aged between 16 and 34 years; living in a deprived area; or unemployed. Leicester also has a higher-than-average proportion of people of Asian or Asian British ethnicity. National survey data indicate that people of this ethnicity are generally less likely to gamble, but more likely to experience problem gambling than other ethnic groups. We do not know of reliable evidence investigating gambling behaviours within more specific ethnicity categories.
3. **Mapping:** Accessibility of Leicester gambling outlets is highest in the central shopping area and is high in many areas with high deprivation. Data from a YouGov survey performed on behalf of GambleAware suggests (with a low level of certainty due to small numbers of participants) that Leicester City is in the lowest quintile for prevalence of non-problem gambling, but in the highest quintile for problem and moderate-risk gambling. The survey results also predicted Leicester to be in the lowest quintile for demand and uptake of treatment and support by those experiencing problem gambling.
4. **Treatment and support services:** There are three services providing treatment for gambling harms in Leicester City: the NHS East Midlands Gambling Service (which launched in July 2023), which is based in Derby and accepts referrals from across the East Midlands; Gamblers Anonymous, which is a national organisation, with a local branch that holds meetings in Leicester; and GamCare East Midlands, which delivers structured treatment online.
5. **Stakeholders:** Given the risks associated with gambling harms, and the populations particularly vulnerable to these harms, the following stakeholders were identified: those working in suicide prevention, mental health, primary care, children and young people, substance misuse or homelessness services; the police and criminal justice system; alcohol harm reduction charities; those whose work involves licensing of gambling premises; those with previous or current experience of high risk or problem gambling, of who have been negatively affected by someone else's gambling.

Applicants and Operators are asked to take account of the above when applying for licences and completing their Local Area Risk Assessments.

7. Exchange of Information

Licensing authorities are required to include in their policy statement the principles to be applied by the authority with respect to the exchange of information with the Gambling Commission, and with those bodies listed in schedule 6 to the Act that

- have functions under the Act,
- are enforcement or regulatory bodies, or
- are sport governing bodies.

The principle that the City Council applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information. This includes the provision that the General Data Protection Regulation will not be contravened. The City Council will also have regard to any Guidance issued by the Gambling Commission to Local Authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Act 2005.

Should any protocols be established regarding information exchange with other bodies then they will be made available.

Please contact the Licensing section for further information:

- by telephone - (0116) 454 3030
- by email - licensing@leicester.gov.uk
- by post - Licensing Section, Leicester City Council, City Hall, 115 Charles Street, Leicester LE1 1FZ

8. Enforcement

Licensing authorities are required to state the principles they will apply when inspecting premises and taking criminal proceedings in respect of offences under the Act.

The City Council's principles are that it will be guided by the Gambling Commission's Guidance to Licensing Authorities and will endeavour to be:

- Proportionate: intervening only when necessary and ensuring remedies are appropriate to the risk posed, and costs identified and minimised;
- Accountable: being able to justify decisions, and be subject to public scrutiny;
- Consistent: ensuring rules and standards are joined up and implemented fairly;
- Avoiding duplication with other regulatory regimes as far as possible;
- Transparent: being open, and keeping requirements simple and user friendly; and
- Targeted: focusing on the problem, and minimising side effects.

This licensing authority has adopted and implemented a risk-based inspection programme, based on;

- The licensing objectives
- Relevant codes of practice
- Guidance issued by the Gambling Commission, in particular at Part 36

- The principles set out in this statement of licensing policy

This may include test purchasing activities to measure the compliance of licensed operators with aspects of the Gambling Act. When undertaking test purchasing activities, this licensing authority will undertake to liaise with the Gambling Commission and the operator to determine what other, if any, test purchasing schemes may already be in place. Irrespective of the actions of an operator on their overall estate, test purchasing may be deemed to be an appropriate course of action.

The main enforcement and compliance role for this licensing authority in terms of the Gambling Act 2005 is to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission is the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines are not dealt with by the licensing authority but should be notified to the Gambling Commission.

This licensing authority also keeps itself informed of developments as regards the work of the Office for Product Safety and Standards in its consideration of the regulatory functions of local authorities.

Bearing in mind the principle of transparency, this licensing authority's enforcement/compliance protocols/written agreements are available upon request to the Licensing department

- by telephone - (0116) 454 3030
- by email - licensing@leicester.gov.uk
- by post - Licensing Section, Leicester City Council, City Hall, 115 Charles Street, Leicester LE1 1FZ

Our risk methodology is also available upon request.

9. Other regulatory regimes

Leicester City Council will endeavour to avoid duplication with other regulatory regimes, such as legislation covering employment, health and safety and fire safety.

Final Policy for Publication

PART B PREMISES LICENCES

1. General principles

Premises licences are subject to the permissions, restrictions and conditions set out in the Gambling Act 2005 and Regulations. Licensing authorities are able to exclude certain of these conditions and also attach others, where they consider this is appropriate.

In exercising its functions under the 2005 Act, section 153 states that the licensing authority shall aim to permit the use of premises for gambling insofar as the authority thinks it:

- a) in accordance with any relevant code of practice under s.24
- b) in accordance with any relevant guidance issued by the Commission under s.2
- c) reasonably consistent with the licensing objectives (subject to a and b above)
- d) in accordance with the licensing authority's statement of licensing policy (policy statement) (subject to a to c above).

2. Location

The demand for gambling premises cannot be considered with regard to the location of premises, but matters concerning the licensing objectives can be considered. The City Council will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as preventing crime and disorder.

3. Local Area Profiles

The City Council will maintain a local area profile. The area profile will be held on the City Council's website [Information to accompany the gambling policy \(leicester.gov.uk\)](http://leicester.gov.uk) and will be updated from time to time.

The Gambling Commission's licence conditions and codes of practice require operators of existing and new gambling premises to consider local risks to the licensing objectives that may be posed by the provision of gambling facilities at each of their premises. This includes a requirement to have policies, procedures and control measures to mitigate those risks. In carrying out this obligation, operators must take account of relevant matters identified in the licensing authority's statement of policy.

The City Council expects existing and new operators to take into account the profile when determining what steps they need to take to mitigate risk and to promote the licensing objectives. This is in addition to reference to this statement of policy, and particularly to part B.

4. Local risk assessments

The Gambling Commission has introduced social responsibility code provisions that require operators of premises-based businesses to conduct local risk assessments³, and an ordinary code provision that says licensees should share their risk assessments with licensing authorities in certain circumstances⁴.

³ [LCCP Condition - Gambling Commission](#)

⁴ [LCCP Condition - Gambling Commission](#)

Paragraph 6.42 of the Gambling Commission guidance says “Social responsibility (SR) code [10.1.1](#) requires licensees to assess the local risks to the licensing objectives posed by the provision of gambling facilities at each of their premises, and have policies, procedures and control measures to mitigate those risks. In undertaking their risk assessments, they must take into account relevant matters identified in the licensing authority’s policy statement.”

Paragraph 6.46 of the guidance says “Where a licensing authority’s policy statement sets out its approach to regulation with clear reference to local risks, it will facilitate operators being able to better understand the local environment and therefore proactively mitigate risks to the licensing objectives. In some circumstances, it might be appropriate to offer the licensee the opportunity to volunteer specific conditions that could be attached to the premises licence.”

The licensing authority is of the view that gambling operators should take account of the general area in which their premises are situated. The local area profile includes details of the location of educational establishments, community facilities and places of worship as well as the locations of other licensed gambling premises. This information is relevant to the licensing objectives, particularly the objective of protecting children and other vulnerable persons from being harmed or exploited by gambling.

The policies and procedures to mitigate risks should be dealt with in the risk assessment rather than by way of licence conditions as the risk assessment is a dynamic document and (in accordance with Social Responsibility Code Provision 10.1.2) must be reviewed if there is a significant change in local circumstances. As risks change or new risks are identified, the policies, procedures, and mitigation measures to address those identified risks may be changed very quickly, whereas licence conditions may only be changed via formal application to the licensing authority.

5. Conditions

The ‘aim to permit’ framework provides wide scope for licensing authorities to impose conditions on a premises licence, reject, review or revoke premises licences where there is an inherent conflict with the relevant codes of practice, relevant guidance issued by the Commission, the licensing objectives or the licensing authorities own policy statement.

The mandatory and default conditions that attach to all premises licences are intended to be sufficient to ensure operation that is reasonably consistent with the licensing objectives. Additional conditions will only be considered where there is clear evidence of a risk to the licensing objectives in the circumstances of a particular case that is not adequately addressed by the applicant’s local area risk assessment.

Any conditions attached to licences will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises;

- reasonably consistent with the licensing objectives; and
- reasonable in all other respects.

Decisions about individual conditions will be made on a case-by-case basis. The City Council will expect applicants to offer their own measures to meet the licensing objectives. However, appropriate measures / licence conditions may cover issues such as:

- Proof of age schemes
- CCTV
- Door supervisors
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.
- Locating gaming machines in direct line of sight from a staffed counter to promote the protection of children and vulnerable adults
- Measures / training for staff on how to deal with suspected truant school children on the premises.

This list is not mandatory, nor exhaustive, and merely gives examples of measures.

The City Council will also consider specific measures that may be required for buildings, which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in gambling premises that admit children, in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

It is noted that there are conditions that the licensing authority cannot attach to premises licences, which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated) and
- conditions in relation to stakes, fees, winnings or prizes

6. Door Supervisors

The City Council believes that adequate door supervision has an important role to play in promoting the licensing objectives, and will consider whether there is a need for door supervision on a case-by-case basis. Door supervision may provide benefits in terms of preventing children from entering adult only areas and preventing crime and disorder. In assessing the need for door supervision, the City Council will take into account the location of the premises, the likely clientele and the history of the premises.

The Gambling Act 2005 has amended the Private Security Industry Act 2001 so that in-house door supervisors at casinos or bingo premises are exempt from the requirement to be licensed by the Security Industry Authority. However, the City Council considers that registration with the SIA brings benefits in terms of training and establishing that the door supervisor is a suitable person. This is in recognition of the nature of the work in terms of searching individuals, dealing with potentially aggressive persons, etc. It will therefore consider whether, in individual cases, it should apply a condition that door supervisors should be registered with the SIA. This decision will be influenced by the manner in which door supervision is undertaken and the likely clientele.

7. Casinos

No Casinos resolution

The City Council has not passed a 'no casino' resolution, but is aware that it has the power to do so. If it were to do so in the future, this policy statement will be updated with details. Any such decision would be made by the Full Council, and would not affect existing casinos licensed before the coming into force of the Gambling Act 2005.

Responsibility in Gambling

The City Council supports responsibility in gambling and envisages that any proposal for a new casino will embrace this aim.

PART C

Permits

1. Unlicensed Family Entertainment Centres

Where a premises is not licensed, but the applicant wishes to provide gaming machines, they may apply to the licensing authority for an Unlicensed Family Entertainment Centre gaming machine permit.

It should be noted that a licensing authority cannot attach conditions to this type of permit.

The Gambling Act 2005 states that a licensing authority may prepare a *statement of principles* that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Gambling Commission.

Statement of Principles

The principles that Leicester City Council has adopted requires the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include

- DBS checks for staff
- a policy on the suitability of staff, taking into account convictions for violence, dishonesty, sexual offences, certain motoring offences.
- appropriate measures / training for staff as regards suspected truant school children on the premises
- training for staff to ensure a full understanding of the maximum stakes and prizes.
- measures / training covering how staff would deal with unsupervised very young children being on the premises
- children causing perceived problems on / around the premises.

In addition to the above, the City Council will also expect that:

- applicants demonstrate a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs; and
- the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act).

2. Alcohol Licensed premises gaming machine permits

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued

by the Gambling Commission about the location and operation of the machine has been complied with)

- the premises are mainly used for gaming; or
- an offence under the Gambling Act has been committed on the premises

If a premises wishes to have more than 2 machines, an application for a permit is needed. The City Council will decide each application on a case-by-case basis but will make its decision based on the licensing objectives and any other matters it considers relevant, which may include:

- the location and size of the premises
- expected clientele
- how the applicant intends to protect children and vulnerable persons from harm or being exploited by gambling
- the measures proposed by the applicant to ensure that anyone under 18 does not have access to the adult only gaming machines, which could include:
 - adult machines being in sight of the bar
 - arrangements for supervision by staff
 - notices and signage
- provision of information leaflets / helpline numbers for organisations such as GamCare.

3. Prize Gaming Permits

It should be noted that a licensing authority cannot attach conditions to this type of permit.

The Gambling Act 2005 states that a licensing authority may prepare a *statement of principles* that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Gambling Commission.

The principles that Leicester City Council has adopted require the applicant to show that:

- the applicant should set out the types of gaming that he or she is intending to offer
- the applicant should be able to demonstrate that:
 - they understand the limits to stakes and prizes that are set out in Regulations; and
 - the gaming offered is within the law
- the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act).

4. Club Gaming and Club Machines Permits

Members' clubs and miners' welfare institutes (but not commercial clubs) may apply for a club gaming permit. Members' clubs, miners' welfare institutes and commercial clubs may apply for a club machine permit. The club gaming permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set out in forthcoming regulations. A Club Gaming machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

A licensing authority may only refuse to grant a club gaming or machine permit under certain circumstances specified in the Act. In deciding whether to grant a permit, the licensing authority must have regard to any guidance issued by the Gambling Commission and the licensing objectives. A licensing authority may not attach conditions to a permit.

5. Temporary Use Notices

Temporary Use Notices allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. Premises that might be suitable for a Temporary Use Notice, according to the Gambling Commission, would include hotels, conference centres and sporting venues.

The licensing authority can only grant a Temporary Use Notice to a person or company holding a relevant operating licence, i.e. a non-remote casino operating licence.

The Secretary of State has the power to determine what form of gambling can be authorised by Temporary Use Notices, and at the time of writing this Statement the relevant regulations (SI no 3157: The Gambling Act 2005 (Temporary Use Notices) Regulations 2007) state that Temporary Use Notices can only be used to permit the provision of facilities or equal chance gaming, where the gaming is intended to produce a single winner, which in practice means poker tournaments.

There are a number of statutory limits as regards Temporary Use Notices. The meaning of "premises" in Part 8 of the Act is discussed in Part 7 of the Gambling Commission Guidance to Licensing Authorities. As with "premises", the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place". In considering whether a place falls within the definition of "a set of premises", the licensing authority needs to look at, amongst other things, the ownership/occupation and control of the premises.

This licensing authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises, as recommended in the Gambling Commission's Guidance to Licensing Authorities

6. Occasional Use Notices

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This licensing authority will though consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice. This licensing authority will also ensure that no more than 8 OUNs are issued in one calendar year in respect of any venue.

7. Small Society Lotteries

This licensing authority will adopt a risk-based approach towards its enforcement responsibilities for small society lotteries. This authority considers that the following list, although not exclusive, could affect the risk status of the operator:

- submission of late returns (returns must be submitted no later than three months after the date on which the lottery draw was held)
- submission of incomplete or incorrect returns

- breaches of the limits for small society lotteries

Non-commercial gaming is permitted if it takes place at a non-commercial event, either as an incidental or principal activity at the event. Events are non-commercial if no part of the proceeds is for private profit or gain. The proceeds of such events may benefit one or more individuals if the activity is organised:

- by, or on behalf of, a charity or for charitable purposes
- to enable participation in, or support of, sporting, athletic or cultural activities.

Charities and community groups should contact this licensing authority to seek further advice:
