**Subject:** RE: Emailing: ZMS Fresh Fruit & Veg - Street Trading Application

Hi Amy

I am objecting to this application because Leicester has had an historic market for nearly 800 years which currently trades on Green Dragon Square. The market sells a full range of fruit and vegetables at affordable prices. The applicant may wish to contact the market manager, Sonya Spink, to enquire about taking a stall on Leicester Market. Other food traders have leased units around the Leicester Market area.

A stall on Humberstone Gate does not fit with the vision and ambitions of the soon-to-be-developed market designed to provide a critical mass of fruit and vegetable options for the community on an historic site.

Thanks

Kind regards

Sarah

Dear Amy

I would like to submit my strong objection to the 12 month street trading application of ZMS Fresh Fruit and Veg. There has been a market in the centre of Leicester which has served the local community for over 800 years.

Currently the market traders are occupying a temporary location while the historic site of Leicester market is being redeveloped. Fruit and Veg is the main commodity sold on the market by traders who either live in Leicester or local to Leicester. Supporting local traders is crucial as they play a vital role in boosting the local economy, when spending money in the market most of it stays within the local community. The fruit and veg sold on Leicester Market is affordable and the offering is diverse, representing the multicultural communities of Leicester.

If the applicant would like to make an enquiry to trade at Leicester Market they can email [markets@leicester.gov.uk](mailto:markets@leicester.gov.uk).

Kind regards

Sonya

Hi Amy

We are objecting as Humberstone Gate is a pivotal event space for the Council and third-party event holders.

Chris

**Subject:** Application made by ZMS Fresh Fruit and Vegetables Ltd

Hello

I have been made aware of an application for a stall to sell Fruit and Vegetables on Humberstone Gate opposite Deichmann near the HSBC bank.

I've just been made aware of this today and write **with the strongest objections** to which this is being allowed to progress. These traders should be directed to the purpose built market where Fruit and Vegetables are traded in this city. Can you please explain why you are not promoting the market and entertaining a licence for such a stall when I'm lead to believe presidency has been set denying previous stalls to trade the same wares in this area.

They should be patient like our market traders have been with the market redevelopment outcome taking months to resolve. Therefore **I THINK THIS APPLICATION SHOULD BE DELAYED** so that people have to opportunity in line with the market delays, to raise their objections and concerns.

I am also lead to believe Fruit and Vegetable stalls have been denied at the location in the past and feel acceptance of this stall would go against previous decisions made.

The positioning of this stall would interfere with the use of this open space during Christmas which will soon be on us and used for Christmas festivities.

Can you confirm this application will not take any better precedence than our market traders are being given at this time.

Please confirm safe receipt of this email by return.

Kind regards
