39.	<b>WARD COUNCILLORS' FEEDBACK</b>	<p>Councillor Singh reported on recent activities and advised that a meeting had been suggested with the Police and residents of the Woodgreen Road area concerning incidents of crime, anti-social and nuisance behaviour. Councillor Singh reassured the meeting that regular liaison was held with the City Mayor and relevant council departments to ensure that areas in the ward were appropriately prioritised and were receiving adequate support.</p> <p>Councillor Cank referred to recent case work, involving repeated reports of problems concerning housing needs, and parking and highway issues. In respect of the issues reported concerning potholes</p>

		<p>and highway problems generally, she reiterated the comments made by Councillor Singh that the City Mayor was aware and regular meetings had been convened. The discussions had included parking problems at the Cromwell estate and possible traffic calming measures in the Hastings Road area to reduce accidents. It was also noted that the Southfields school site and sports pitches would be upgraded following consultation with residents and pupils. It was expected that works would commence in the autumn.</p> <p>The Councillors' reports were noted.</p>
<p><b>40.</b></p>	<p><b>LOCAL POLICING UPDATE</b></p>	<p>Chris Brown (Leicestershire Police) provided an update on the Police activities in the Ward.</p> <p>Chris confirmed that he was based at the Belgrave Neighbourhood Office and asked members of the public to report any crime or incidents. He commented on the numbers of officers active in the Ward and advised that the police could be contacted on their website <a href="http://www.leics.police.uk">www.leics.police.uk</a>. Members of the public were encouraged to make reports online. He advised that the 999 number should only be used for serious crimes requiring immediate attention.</p> <p>Crime statistics for the period were reported relating to robbery, theft from motor vehicles and theft of vehicles. It was noted that an increased trend in theft from vehicles had occurred. Increased CCTV surveillance had led to a recent arrest.</p> <p>It was also noted that an increase in thefts of mobile hand-held devices had been experienced, as perpetrators were using cycles to take mobile phones from users in a 'ride-by' method. A campaign to make the public aware of the dangers and to ensure that the public remained vigilant and were aware of their surroundings was promoted.</p> <p>Councillors welcomed the initiatives to reduce crime in the Ward. Particular comment was made to reports of crime and anti-social behaviour in the Northfields and Woodgreen areas. A delegation of residents including members of the Woodgreen Residents Association were present to express their concerns, as they considered that their areas had experienced a high number of reported crimes. It was suggested</p>

		<p>that previous multi-agency approaches and crime prevention initiatives had been unsuccessful and it was considered by residents that further enforcement and liaison with community groups was required to ensure adequate engagement with the public.</p> <p>In response, Chris Brown agreed to refresh the contact information he held and agreed to increase his liaison with community groups and leaders.</p> <p>Councillors also referred to previous initiatives to fund mobile CCTV cameras in temporary locations. It was suggested that this initiative be repeated, in view of alleged drug dealing and highway offences being reported. In respect of other crime reports involving CCTV footage, Chris agreed to discuss an individual incident with a resident following the meeting.</p> <p>The police update and report was noted.</p>
41.	<b>CITY WARDEN UPDATE</b>	<p>Jethro Swift (City Warden) provided an update on his environmental and enforcement activities in the Ward.</p> <p>It was noted that an increase in fly-tipping had been experienced and CCTV footage was being used to identify perpetrators.</p> <p>Other activities included initiatives to reduce bins on streets and ideas to tackle a situation where it had been alleged that members of the public were taking charity bags left for collection.</p> <p>In conclusion, the LoveLeicester App was promoted as a suitable and preferred method for reports to be sent to the Wardens service.</p> <p>Jethro was thanked for his report and update.</p>
