Making Meetings Accessible to All

WHEELCHAIR

Meetings are held in a variety of community venues. We will only hold meetings in venues where there is suitable access for wheelchairs. If you have any concerns about accessing a venue by wheelchair, please contact the Democratic Services Officer on the details provided.

BRAILLE / AUDIO TAPE – CD / TRANSLATION

If you require this agenda or a particular part of it to be translated or provided on audio tape, the Democratic Services Officer can organise this for you (production times will depend on equipment facility availability). In certain cases, subject to the agreement of the local Councillors, translation facilities can be provided at the meeting.

INDUCTION LOOPS – HEARING AT MEETINGS

We provide a loop system at every meeting for people with hearing aids. If you have a hearing aid, please speak to the Democratic Services Officer at the meeting for further assistance if you think you won't be able to hear what's being discussed. There is also a facility which can help people hear better if you don't have a hearing aid but are hard of hearing, again please speak to the Democratic Services Officer about this.

The first main item on the agenda is Declarations of Interest where Councillors have to say if there is anything on the agenda they have a personal interest in. 4. MINUTES OF PREVIOUS MEETING

The minutes of the Freeman Community Meeting held on 24 November 2010 have been circulated and Members are asked to confirm them as a correct record

The following applications for grants are submitted for consideration:-

Application 1

Applicant: Love Hoops Foundation

Proposal: Active Women

Amount: £250

The total project cost is £2,000 but applications for funding are being made to 8 Community Meetings, (namely Aylestone, Beaumont Leys, Braunstone and Rowley Fields, Eyres Monsell, Freeman, New Parks, Western Park and Westcotes)

The costs can be broken down as follows:-

Item	Cost (£)	Actual or Estimate?	Request to Ward Meeting (£)
Court Hire	6156	A	500
Coach Fees	3600	A	500
Training Costs	2500	A	500
Equipment	1200	A	500
Travel Expenses	2000	E	
TOTAL	15,456		2,000

Summary:

Love Hoops Foundation is part of the street games consortium that successfully bid to Sport England for funding from their Active Women programme, which targets disadvantaged women.

Under this project, over 360 young women in Leicester will be offered coaching and playing opportunities. They then will have the opportunity to take coaching and refereeing qualifications, aiming to establish 6 new basketball clubs in the City. Mentoring will be provided by the Love Hoops Foundation.

The project hopes to overcome the following barriers:-

- Access to sports facilities. Sessions will be held in young people's own communities
- Finance. The funding will help those in communities where low income families often have very little money to pay for sporting activities
- Cultural / Religious. The project aims to address young women's perceptions of sport, including letting them know that sport is an option for them. There will be female coaches from the area, who will act as positive

role models

The project's targets are to:-

- Put 12 Level 1 coaches and 6 Level 2 coaches through the programme
- Have a minimum of 2 volunteers from each centre, but hopefully more
- 32 champions, 2 from each city, to be the project's "eyes and ears"
- Train 12 NATO qualified table officials and 12 referees, as well as the coaches mentioned above
- Establish 6 new clubs. These initially will have central administration, but will become self sufficient at the start of Year 3, looking for at least 12 players to register for each team
- Have 10 sessions of coaching for each group as part of the programme. It is likely that further funding will be requested, once established, to carry on the programme, leading to club establishment
- Take part in monthly tournaments over the two years, once the teams are established
- Retain 100 new players over 2 years, measured as NGB registrations.

The following funding has already been promised to this project:-

Sport England Active Women Grant	£5,156
Love Hoops Foundation	£2,920
City of Leicester Lady Hoops	£5,380
TOTAL:	£13,456

Application 2

Applicant: Police and Community Support Group

Proposal: 100% Best Attendance Project

Amount Requested: £500

Summary:

The Best Attendance project, which has been successfully run for two consecutive years, was set up and run by the Police and Community Support Group, in order to improve attendance within primary schools on the Welford Road LPU area, (11 schools at that time). The project is supported by the schools and the Police. With the boundary changes to wards, the number of schools that would be invited to be involved this year would be 9.

The way the project works is that the school children are given the target of achieving 100% attendance over the school year coupled with a record of good behaviour and work achievement, suitable for each child (determined by the schools). Those that achieve this are rewarded with a school outing. In previous projects, this outing was to the cinema. The project this year will be a trip to see a show/pantomime in order to keep the project fresh and interesting to the children.

It has been proven that this project has successfully boosted attendance in schools, with letters of thanks being sent to the Support Group afterwards, commenting that the number of pupils achieving 100% attendance and improved behaviour was unprecedented. These letters requested that the project continue in future years.

By children attending school regularly, they are not taking part in truancy. This reduces reports of anti social behaviour and each child can achieve more in school by being there more often to learn. This also reduces anti social behaviour and crime.

This project also can give children a new experience that they might not otherwise have, particularly in the more deprived estates. This project will be offered to every primary school on the four wards of the Welford Road area, so that every child has the opportunity to take part.

The nine schools that take part will allocate the number of children they believe will win a place, so the number of children that will go on the trip depends on how many children achieve – the project has been costed so that an equal number of children to previous years can be taken on the trip.

The minibus hire that JAG funding would cover will be provided by Confidence Buses, as in previous years. They have offered a very good competitive rate to help keep the project going. The other costs will be met by funding to be sought elsewhere (cost of places at the theatre, advertising, etc).
