You can raise matters of concern, give opinions and find out information which may be of use.

Police Issues Talk to your Local Police about issues or raise general queries.	Neighbourhood Housing Office Representatives from the local Neighbourhood Housing Office will be present.
Ward Councillors and General Information Talk to your local councillors or raise general queries	

The first part of the agenda covers formal items which the Councillors need to deal with to ensure that regulations on holding meetings are kept to.

1. APOLOGIES FOR ABSENCE

2. DECLARATIONS OF INTEREST

The first main item on the agenda is Declarations of Interest where Councillors have to say if there is anything on the agenda they have a personal interest in. For example if a meeting was due to discuss a budget application put forward by a community group and one of the Councillors was a member of that group, they would not be able to take part in the decision on that budget application.

Councillors are asked to declare any interest they may have in the business on the agenda, and/or indicate that Section 106 of the Local Government Finance Act 1992 applies to them.

3. MINUTES OF PREVIOUS MEETING

Appendix A

The minutes of the previous Braunstone Park and Rowley Fields Community Meeting, held on 18 October 2011, are attached and Members are asked to confirm them as a correct record.

This next part of the agenda covers items where input from you on issues that affect your community is welcomed.

4. WOTBOX PROJECT

Information will be provided on the Wotbox Project which aims to engage with young people through technology.

5. UPDATE ON THE RIVERSIDE SCHOOL SITE

There will be an update on the latest situation with regard to the future of the Riverside School site.

6. BUDGET

Councillors are reminded that they will need to declare any interest they may have in budget applications, and/or indicate that Section 106 of the Local Government Finance Act 1992 applies to them.

There will be an update on the Community Meeting budget.

The following budget applications have been received.

Application 1

Applicant: Essential rejuvenation dance sport and fitness

Amount: £1,352

Proposal: Community Dance sport and fitness project

Summary:

The aim of the project is to promote and encourage community cohesion amongst Leicester's young people and bring Leicester's young people from diverse communities together to participate in organised dance and drama session. There will be open sessions at various venues across all areas of the city, leading onto a major final event. There will be a finale held at the end of all the projects that will bring all the young people from the various areas of each ward together and the final will be a single large scale event that will bring the young acts together to showcase the work they have achieved from all wards across the city.

The showcase will be held at an open event that all ages can attend.

The sessions will take place on Wednesday evenings for 25 weeks at 2 hours a session at the Braunstone Grove. There will be a cost of £2 to the people attending to cover the extra costs needed to fund this project and hopefully to help sustain the project in the future.

We monitor all the work we provide by photographic and video evidence. We record the total number of people who attend and we record age, ethnicity, sex and postcode for each participant of an activity. This enables us to evidence the success of each event.

The main target groups for the sessions are disengaged young people, ethnic minorities and females.

Application 2

Applicant: Angels and Monsters

Amount: £1,998.44

Proposal: Creche Refurbishment / new toys

Summary:

Our crèche has been operating for over 15 years and the rooms desperately need improving and decorating e.g the tiles are falling off the wall in the bathroom etc. we really need new toys and equipment and have no budget for this. We are a local charity and rely on funds from various sources as you can imagine our budget is very limited. We are used by many local families and offer free crèche and training courses.

22. OLDER PERSONS IN THE WARD

Angie Wright, b-inspired provided a presentation on the Braunstone Older People's Consultation 2011.

Angie explained that around 18 months ago there had been a consultation carried out on the Braunstone estate by the Braunstone Foundation which had identified the following priorities:

- Work with younger people.
- Raising educational attainment.
- Improving services for older people.
- Good health.
- Crime/anti social behaviour.

The current consultation was based specifically on older person's needs. Residents were informed that there was no previous data detailing what services older people wanted or needed. Discussions had been held with the Ward Councillors which had led to a funding bid being submitted to undertake further consultation directly with older people. Any data collected would be used to directly identify activities to be commissioned through the Neighbourhood Action Plan and help inform the Ward Action Plan and wider city policy.

Details were provided of the consultation. Some of the main points included:

- The data gathered had been entered onto a bespoke database so that the information gathered could be analysed and needs identified.
- The consultation had taken place over a four month period (Feb – June)
- Data was collected by methods such as one to one interviews, at the doorstep, at community venues and doctors surgeries.
- Following analysis, two main themes had emerged, these were loneliness and isolation, and access to information. Focus groups had been set up to further explore these areas.

Further information was provided on the responses received. It was reported that 200 people had been surveyed which represented 9.2% of the over 60s in the area. Angie provided a breakdown on issues raised such as what type of property the respondents lived in along with a list of most used services as identified from the responses. Other topics covered included most used forms of transport to get around, main issues identified by older people from the consultation and any additional services which older people wanted.

Angie explained the immediate actions that had taken place following the consultation. These included:

- Reporting of any housing related queries.
- Referrals made to social services.
- Information on current activities taking place provided.
- Referrals made to GPs.
- Funding application submitted to Comic Relief for volunteer run befriending and information scheme.
- Contact made with Citizens Advice to bring in services.

Individual examples of what was found when carrying out the consultation were provided including examples of where action was taken to help the individual.

Suggestions were also provided on what could be done to help resolve some of the issues that had been raised. These included:

- A befriending scheme.
- An information and referral point relevant to older people.
- A range of activities: craft groups, lunch clubs, coffee mornings, computer training etc.

Angie also informed residents of a bonfire event taking place this Saturday which also included a fashion event.

23. RIVERSIDE SCHOOL SITE - UPDATE

A written update on the Riverside School site outlining the current situation was circulated to everyone at the meeting. The Chair explained there had been a change to the process following the election. It was hoped a fuller update would be brought to the next meeting.

24. IMPROVING BUS SERVICES/BUS USERS PANEL

Mark Wills, Head of Transport Strategy provided information on how the Council was aiming to improve bus services and on the Bus Users Panel.

Mark explained that he and other officers provided a link between the City Council and the bus companies. Residents were informed that the City Mayor has identified areas of improvement regarding bus services in his first 100 days pledge. These included:

- Pledge 2 – Establishing a Bus Users Panel. It was explained that the purpose of the panel was to support the City Mayor in holding the bus companies to account.
- Pledge 74 – Establish a smart card system for use on buses. Mark explained that the introduction of the 'Onecard' had been announced on 15 August. Residents were also informed that Arriva and First would be introducing a concessionary smart card next week and Centrebus would be introducing this in December. Following the introduction of the concessionary smart card, it was hoped that the use of the card would expand.
- Pledge 96 – Improve the Humberstone Gate East area. Mark explained that designs for this area had been approved by the Deputy City Mayor and it was expected that the work would take 10 months to complete.
- Pledge 99 – Hold discussions with the bus companies. Mark explained that a meeting had taken place between the bus companies and the City and Deputy City Mayor and the City Mayor had stated that he wished to work closely with the bus companies. Mark commented that a Quality Bus Partnership was looking to be introduced along with a statutory partnership. It was stated that this would take around 9-12 months and was done from an order enforced by the Traffic Commissioner.

With regards to the Bus Users Panel, it was explained that the Membership would be as follows:

- Chaired by the Deputy City Mayor.
- Support by the City Council's Transport Strategy team.
- Other elected Councillors.
- 3 representatives from the Forum for Older People and the 50+ Network.
- A representative from the Young People's Council.
- A disability representative.
- A representative from each ward Community Meeting.

Mark stated that he wished to hear views regarding bus services especially those which had stopped running past 9pm.

A resident requested that a young person's pass should be brought out as his daughter had to pay full fare as she looked older despite being a child. Mark agreed to look into this as it was thought the current smart card system would be able to register younger people.

The Chair encouraged residents to put themselves forward to be on the Panel.
