		<p>It was suggested that further consultation events and ward meetings would be required to discuss the project, in particular in respect of the need to ensure an appropriate amount of school places.</p>
<p>29.</p>	<p>LOCAL PLAN PRESENTATION</p>	<p>Jevan Dhesi (Planning Policy Team) reported on the consultation exercise to determine the new Local Plan for Leicester. As background to the new Local Plan the following points were made:</p> <ul style="list-style-type: none"> • Leicester was the tenth largest city in England • A provider of employment, shopping leisure and housing • A historic and green city – parks wildlife areas, conservation areas • Rich tradition of entrepreneurship • Highly acclaimed universities • Three major hospitals and premier sports clubs <p>It was reported that as Leicester was a growing city, how should this future growth be dealt with the need to find land for housing and high quality employment. An explanation of the purpose of the plan was provided:</p> <ul style="list-style-type: none"> • It was a statutory document that the Council must provide • The document would indicate where development could go in the future • The Plan would be used to determine planning applications on issues such as new housing, employment, shopping and green spaces. <p>The Plan was to be adopted in 2016 and the details of the consultation exercise were submitted. It was noted that the draft of the plan would initially be published following the first tranche of consultation and could be updated with any major changes before submission to the Secretary of State and Planning Inspectorate. There would be a further independent public examination before adoption by the Council.</p>

Display materials were provided and the meeting was asked to consider a number of questions affecting the future of the city. The document had been split into three themes:

- A growing city (economy, housing, city centre)
- People and spaces (neighbourhoods, spaces, heritage, health)
- The environment (transport, climate change, green space and sport)

Some suggested key questions were included in the hand-out for residents and community representatives to consider. Copies of the Issues and Options consultation document were also made available

It was confirmed that the consultation would end on 31 January 2015 and residents were encouraged to respond to the points raised.

In debating the issues raised in the document, the meeting commented on the following aspects:

- The need to retain and maintain adequate open space.
- Improvement of the air quality in the city.
- Retention of heritage, with the Empire pub planning application being used to as an example, although noting that there was also significant support for the redevelopment of the site.
- The need to monitor and control absentee landlords, and to ensure that new housing was of a type that encouraged people to settle in the area, in preference to short-term lets.
- The need to ensure that the size and scale of new buildings at the Waterside regeneration project were appropriate to the area.
- Development of redundant areas and derelict sites for employment land.
- Greater support for the local shopping areas,

		<p>rather than policies that supported larger shopping centres and stores.</p> <p>It was noted that a further report would be submitted in due course following the results of the wider consultation.</p>
