

Complaint about Noise and Anti-Social Behaviour

The Bombay Night Dance Bar

32 Belgrave Road,

Leicester,

LE4 5AS

Dear Council Licensing Officer

I live near the Bombay Night Dance Bar, and I have been made aware of the licensing issues and I am concerned about the Anti-Social Behaviour this venue causes on regular basis with under age drinking and the violence which erupts during the late evening.

Other residents and I, who walk to our local shops are often confronted with drunk people coming from the Bombay Night Dance Bar with cans of alcohol purchased from the bar in the early hours of the morning and late at night – these drunk people cause a lot of nuisance around the residential area which puts some of us in fear within our own homes and this should be like this. There are many places that sell alcohol and they don't suffer the noise and aggressive, anti-social we do from this badly run bar where young people are now going and causing anti-social behaviour on a regular basis. Please make these people stop making our lives unbearable in this area and attracting many loud people who have no respect for the local community
