Dear sir/madam

Having read a press article about a licence review on The Yellow Door I'm compelled to write to tell you how much they helped me when I got assaulted by the doormen and clients from [REDACTED] video of part of assault attached The doormen at the Yellow Door Bar helped me and my daughter from further assault. I suffered serious injuries including a broken eye socket, broken ankle that needed 11 screws and 2 plates and two broken ribs I cannot tell you how much the staff at yellow door bar helped us The doormen were courteous caring and compassionate I hope that my experience is taken into account during their licence review You're sincerely [REDACTED]
