3.	Rationale	The Labour Party manifesto for the 2019 City Council elections said that “Labour would develop job creation, skills and investment plans for parts of Leicester which are economically excluded, including opportunities for local businesses and for young people to engage in positive activities.” This review will explore how these aims can be achieved at local levels..
4.	Purpose and aims of the review What question(s) do you want to answer and what do you want to achieve? (Outcomes?)	This review will seek to evaluate how these commitments are being met and the measures that could be taken to increase economic participation at local levels, through overarching strategies and individual projects. It will identify and characterise what is meant by economic exclusion at a local level and make recommendations to address the key problems and build upon opportunities. Following the statistical exercise referred to in 7 below, two areas will be selected for in depth consideration.
5.	Links with corporate aims / priorities How does the review link to corporate aims and priorities?	<p>The Leicester to Work Economic Action Plan is underpinned by the objective of getting those most in need into training and into work. 7.	<p>Methodology Describe the methods you will use to undertake the review.</p> <p>How will you undertake the review, what evidence will need to be gathered from members, officers and key stakeholders, including partners and external organisations and experts?</p>	<p>Information will be gathered by a task group drawn from members of the Economic Development, Transport and Tourism Scrutiny Commission. Task group meetings will be confidential but normally the notes from the meeting will be published as part of the final report to the Commission.</p> <p>Council officers will be invited to provide written and/or oral evidence to this task group. Statistical evidence will be sought to provide information about levels of employment and economic activity, skills and qualification levels and crime rates in different neighbourhoods in the City. Information about existing opportunities in those areas will also be analysed, such as employment, training and apprenticeships; community facilities; public transport; youth and community provision etc. Following the collection of this evidence, two areas of the City will be selected for consideration.</p> <p>Outside bodies will be invited to provide written/oral evidence to the task group.</p> <p>Task Group members may wish to visit sites within the city as well as further afield to see examples of good practice in developing and implementing local economic initiatives.</p>
