

Follow the advice of the operator and driver. For example, you may be asked to sit in the back left-hand seat if travelling alone. You may want to check with your taxi or private hire operator before travelling if they have put any additional measures in place.

The requirement to wear face coverings in law has been lifted. However, the government expects and recommends that people wear face coverings in crowded areas such as public transport. It is recommended you wear a face covering when using a taxi or private hire vehicle.

You should use contactless payment if possible, or find out if you can pay online in advance.

Where possible open windows for ventilation when in the vehicle.

Be aware of the surfaces you touch. Be careful not to touch your face. Cover your mouth and nose with a tissue or the inside of your elbow when coughing or sneezing.

When finishing your journey, wash your hands for at least 20 seconds or sanitise your hands as soon as possible.

Subject: 258 Victoria Road East

Dear Deborah,

I am emailing to express my opposition to a licence being granted to the above premises on the following grounds:-

- There are already 2 premises in the small parade of shops, one being approximately 10 yards away from 258 VRE the other being approximately 20 yards the other side of it.
- An application was made for the same premises just over 12 months ago which was strongly opposed by in excess of 300 residents in the immediate area. This was led by the supermarket at 278a VRE who are currently in the process of selling their business but I am told the new management will continue to sell alcohol.
- There is still a lot of anti-social behaviour in the area and a large number of drinkers that congregate on the Cravens Recreational Ground which is at the rear of the parade of shops.
- Not only is street drinking a problem but also the amount of cans and bottles littering the area and the Cravens, I am sure Parks and street cleaners would be able to confirm this.
- There has been problems with gangs of youths drinking and causing anti-social behaviour which intimidates local people and whilst the police move them on they just come back once the Police have left.
- The premises 258-260 Victoria Road East is a large double fronted property which means they will be able to hold a large volume of stock and therefore be able to sell it at cheaper prices.
- Apart from the 2 licenced shops on the parade there are also 2 more, one being the Post Office on Brackley Close the other being Northfields Stores on Victoria Road East all within close proximity.

If this goes to committee I would like to attend on behalf of the residents to oppose a licence being granted.

Kind Regards
