Subject: Licence Application 14-16 King Street La Piana

I would like to object to the licence application for the above premises as the late night closure of 4am will represent a risk of Public Nuisance and Crime and Disorder due to the generation of noise for people living in the area in the middle of the night and the presence of multiple late night premises will see an influx of intoxicated people in numbers alongside other bars which will lead to a rise in crime and disorder in the area.

Kind regard,

Patrick Kitterick
