- 2. Title of proposal
- 3. Name of group or person making the proposal

4. Short description of proposal. Please include information on **how the money will be spent, who will benefit, when they will benefit, and how we will know when the proposal has been successful.**

It is important that your answer to this question is clear and detailed, because we will only pay the costs when we can see evidence that the outcomes you describe here have been achieved. You can provide further details in your supporting information if you want to.

To provide a summer soccer school in co-operation with Leicester City Football Club with the objective of providing local young people with skills based activities which achieve a level of social cohesion and diversionary activity within the Braunstone Park/Rowley Fields ward. The project is aiming to break down the barriers young people may face in accessing quality structured sporting provision in the area. The soccer academies will provide quality, structured coaching that will help tackle antisocial behaviour and vandalism in the area by providing structured activity and specialist coaching. The academies will bring together a variety of young people from across the ward and have them socially interacting with each other and developing positive relationships.

Coaching and other activities will be done in partnership with the City Council and Leicester City Football Club.

Up to 45 ( maybe more dependent on programme size) young people per day will benefit, along with associated benefits to family members and

subsequently the wider community. The academy aims to introduce young people to a healthier lifestyle and get them actively involved in physical activity.

We will know the scheme has been successful by improving access to sporting provision which in turn will help the levels of antisocial behaviour and vandalism drop as there will be structured activity to divert youth from negative activity.

We will know the wider community will also benefit as they will see the positive activity and reduced antisocial behaviour and vandalism reportings across the area.

5. Which priority or priorities in the Ward Action Plan does your proposal support? (Add further rows or continue on a separate sheet if needed).

Priority number and priority description (taken from the Ward Action Plan)	
2	Issues relating to anti-social behaviour, often ascribed to young people who feel they have too little to do.
3	Vandalism – again ascribed to lack of activities and facilities for young people

We have also brokered a partnership deal that there will be players present from the first team who will make guest appearances and offer advice and support within the programme. The young people from the ward will be able to meet their favourite players and interact with them.
