Subject: Objection to Carisbrooke Tennis Club LE2 3PF extension to licencing

Dear Sirs,

I am shocked to hear that Carisbrooke Tennis Club has applied to you to extend its licence to include live music and entertainment any day of the week and serve alcohol until 00.00 hrs on Friday and Saturday etc.

As a resident on Carisbrooke Road we already hear disturbance when they have parties and functions, this will only increase the disturbance in what is a quiet residential district and conservation area.

I am also concerned that this permission has been sought during holiday time when people are away. I have recently returned from a two week holiday to be told by neighbours that we have until 29th July, tomorrow, to object. This is reminiscent of last years behaviour by College Court which resulted an a back lash from the local community.

Whilst mentioning College Court, they are struggling to perform with in the boundaries laid down by your department regarding noise and disturbance. A very recent event there has caused various complaints. The Tennis Club will fair only worse due to the nature of the building, staff and its position.

Please accept this as a firm Objection on the grounds of noise and disturbance.

Regards
