Re: Licencing change, Africar kitchen and bar, 4-6 Jubilee Road

Dear Sir/Madam,

I am writing to object to the above licence change. I am a neighbour to the club and over the last 3 years that I have lived here I have had persistent problems with the noise level from the club and their attitude towards it. Originally, they operated without a sound limiter. This was only rectified when we brought the matter to the attention of the Council. Now, the noise level is generally more acceptable with one notable exception. Whenever the premises is granted longer opening hours (for example for a bank holiday), they show a complete disregard for noise level and play in excess of any level that a noise limiter should allow. Despite there being other flats closer, we experience vibrating walls/floor/doors and the only way we could hope to get any sleep was by retiring to the kitchen with bedding, placing clothing under all doors, using earplugs, having a source of white noise in the kitchen and sleeping on the floor. Even if we did not both work, this would be unacceptable. We have attempted to contact the noise control team, but they have been either closed or unable to attend that night. There will be multiple instances on record where we have called the noise control team with regard to the premises in question. I hope ^{we} will not reside in our current home for much longer if you should grant them the further opportunity to abuse their position and licence.

Yours sincerely,
