For the attention of Licensing Review of Grapevine Bar - Belvoir Street

I would like to ask the Licensing Committee to revoke the licence of Grapevine Bar at its review of the licence due to take place. The grounds I would like to make this request on is with regard to Public Nuisance (I believe other grounds may be added by other parties).

The flats near Grapevine have been made near uninhabitable due to the excessive noise coming from the bar and measures such as confiscation of equipment appear to have had little or no effect.

I believe that leaves the committee with little option but to take the strongest possible measure and revoke the licence for this premises as soon as possible.

Yours faithfully,

Patrick Kitterick
Councillor for Castle Ward
