Dear all,

I can confirm receipt of the attached document, please note we have taken into account all points mentioned. We will of course adhere to all of these, point (b) states the licence holder will ensure there is no customer access to alcohol until payment has been taken. Whilst we were hoping to have this as a self serve bottle fridge we would keep this securely locked until the proposed serving times, we would also keep stock in this fridge to just beer & cider products – all wine will be kept behind the counter.

Kind Regards,

Stacey Williams
