I wish for this matter to be referred to a Licensing Committee for a decision as this represents another off licence in the Granby Street - London Road Cumulative Impact Zone for Off Licences.

Granby Street and London Road has historically suffered from street drinking with current anti-social behaviour related to drinking being particularly bad in the Museum Square area of New Walk. In addition Leicester City Council is currently considered moving its "Wet Centre" to 96 New Walk which is near this proposed premises.

Formally I would wish to object on the grounds of Prevention of Crime and Disorder and Prevention of Public Nuisance derived from the above reasoning.

Thanks,

Patrick Kitterick  
Councillor for Castle Ward
