For the reasons set out in the objection to the Apres Lounge objection namely

The move to 3am may well trigger a whole range of bars in the area to ask for similar extensions which will change the nature of this whole area of Leicester. With people being encouraged to stay and disrupt the area until the early hours of the morning.

Thanks,

Patrick Kitterick

Thank you Cllr Kitterick. Please would you explain how you think these objectives will be affected if the application is approved?

Best wishes,

Rachel
