For the reasons set out in the objection to the Apres Lounge objection namely

The move to 3am may well trigger a whole range of bars in the area to ask for similar extensions which will change the nature of this whole area of Leicester. With people being encouraged to stay and disrupt the area until the early hours of the morning.

Thanks,

[REDACTED]

Rachel,

I would like to make a strong objection to the opening of the Apres Lounge until 6am on the grounds of Public Nuisance and the Prevention of Crime & Disorder.

The move to 6am may well trigger a whole range of bars in the area to ask for similar extensions which will change the nature of this whole area of Leicester. With people being encouraged to stay and disrupt the area until the early hours of the morning

I remember all too unfortunately the move by Molly O'Gradys to a "Late, late" licence some years ago which initiated a slide in the Hotel Street area to which it still hasn't recovered.

[REDACTED]

Thanks,
