3.	<b>ACTION LOG</b>	<p>The Action Log of the meeting of the Castle Community Meeting held on 9 March 2015 was agreed and noted.</p>
4.	<b>RUGBY WORLD CUP INFORMATION</b>	<p>Maggie Shutt (Festivals &amp; Events Manager) and Simon Brown (Cultural programme Co coordinator) presented an update on the arrangements in place for the Rugby World Cup (RWC).</p> <p>It was reported that three RWC matches were to be held at the King Power Stadium on 4, 6 and 11 October.</p> <p>In addition to the matches at the stadium, a Fanzone area had been set up on Victoria Park, involving staging and screens showing other matches in the tournament.</p> <p>The traffic management arrangements were confirmed and no road closures had been applied for. Noise levels were to be monitored by the Council's Noise Team.</p> <p>Leaflets explaining the events and arrangements were made available for distribution to interested groups and individuals.</p> <p>Simon also reported on additional supplementary events arising from the interest that would be experienced in the city due to the RWC matches.</p>

		<p>In response to questions, the 'park and walk' initiative was clarified, and it was confirmed that the Fanzone area would not be fenced. This reassured residents, as problems with poor access arrangements had been witnessed at a recently held Carnival event.</p>
<p><b>5.</b></p>	<p><b>TRAFFIC INFORMATION UPDATE</b></p>	<p>a) <u>Wheatsheaf Way and Wordsworth Road Area – 20 mph zone</u></p> <p>Harshad Solanki updated the meeting with details of a proposed traffic calming scheme and 20 mph zone in the roads adjacent to the Wheatsheaf Works (Wheatsheaf Way, Wordsworth Road, Lord Byron Street and Knighton Fields Road East).</p> <p>The proposals were subject to a public consultation period which would expire on 1 October 2015.</p> <p>It was confirmed that the plans had received general support and any works undertaken would be 'developer funded'.</p> <p>It was considered that the scheme should be extended to other roads in the vicinity, through Scott Street, to Shelley and Pope Street and that if this idea was supported, officers would investigate the feasibility following implementation of the existing scheme. It was noted that this would require advertisement of the necessary legal notices.</p> <p>b) <u>Residents Parking Schemes</u></p> <p>Harshad Solanki updated the meeting with details of the ongoing consultation concerning the residents parking proposals in the Clarendon Park area.</p> <p>Traffic surveys were also being undertaken to establish parking patterns and to determine whether there was a need. Options for any schemes would then be suggested. The likely timescale involved extensive survey work, exhibitions and wider consultation, and any options were not expected before February 2016.</p> <p>It was also confirmed that the options being considered by Leicester University to close University Road would not be discussed before April 2016.</p>

6.	<b>LETTINGS BOARD UPDATE</b>	<p>Alan Beckett (Planner) updated the meeting with the progress with the Letting Boards Policy.</p> <p>It was reported that a voluntary scheme with landlords had been unsuccessful and that the Council had therefore begun a process which would allow enforcement action to be pursued under advertisement legislation. An application to government had been submitted.</p> <p>The update was noted and residents were encouraged to report any To-Let signs that were permanently fixed to property by using the 'Love Leicester app' or contacting <a href="mailto:planning@leicester.gov.uk">planning@leicester.gov.uk</a></p>
7.	<b>UPDATES FROM LEICESTER UNIVERSITY AND DE MONTFORT UNIVERSITY ON THE NEW TERM</b>	<p>Representatives of the Leicester University and the De Montfort University Students Unions (Welfare) informed the meeting of their arrangements for the forthcoming Fresher's Week activities in the city.</p> <p>It was accepted that the welfare officers and community engagement representatives had increased their engagement with the community with greater attendance at consultation events, however it was considered that more could be done to ensure that students were aware that the city centre included many residential properties.</p> <p>Student Union representatives agreed to meet separately with the City Warden, other relevant Council Officers, PCSOs and the local Councillors to discuss options to improve behaviour and communication with students.</p> <p>It was suggested that greater use of the 'Love Leicester app', the Clarendon Park community website and Facebook, and other social media should be used to assist the process of engagement with students. This was considered to be particularly relevant as an option for informing students of the best walking routes from the city to the residential areas to avoid areas such as New Walk.</p>
8.	<b>POLICE UPDATE</b>	<p>Sgt Andy Cooper (Leics Police) updated the meeting with crime statistics and commented on the recent review of the policing structures, whereby more time was available to officers to patrol the city centre area</p>

		<p>with the removal of a significant amount of desk-based investigative work.</p> <p>He referred to issues of concern reported recently at New Walk Museum Gardens, where increased ASB was being experienced.</p> <p>In relation to the previous item he advised that work with the Student Unions had been undertaken and was ongoing to mitigate problems during fresher's week.</p> <p>An update was provided on the licensing of the Grapevine PH in Belvoir Street, that had lost its licence on appeal due to public order offences.</p> <p>An increase in burglaries in the Clarendon Park area had led to more patrols and residents were asked to ensure their homes were kept secure.</p> <p>In response to questions Sgt Cooper informed the meeting that it was an offence to beg in the street and advised of the action that could be taken by officers when appropriate.</p>
