To: Licensing
Subject: putney road premises licence application

Hi I'm one of the students from Freemans common. There is a premises application located right in front of my accommodation. I do not wish this van to trade here because it will be too loud at night!! We already have one Ajs there and I can hear the generator and people shouting all the time, we can not sleep or concentrate on our work. I will be here another 3 years!! My room mates are also not happy to about this application on Putney Road .PLEASE DONT IGNORE US. Thank you
