Dear Sir/Madam

Re:- Kapz licensing review.

I've seen the notice to cancel the license from this shop, but I feel that this will devastate the family and affect the community adversely.

On the basis of prevention of crime & disorder, does this shop continually serve alcohol to drunken disorderly customers? ☺

Does it continually serve alcohol/cigarettes to underage kids? ☺

Have customers come forward to say they have bought stolen goods from this shop? ☺
Have other people who come to the shop frequently said that they have seen items being bought & sold on the premises? ☺

The answer to above is No!

Continued.~

Mr Vaghelia is a well known, trusted & respected member of the community & shop owner. Any other member of the community & neighbourhood will say the same.

I hope the council will see Mr Vaghelia for the good person he is. I urge the authority to continue the licence for the shop.

Yours sincerely,
