I have known Mr Vaghela since he took over the premises in Belgrave and during that time As a customer of his for many years I have never seen anything which would suggest any Stolen goods were being handled in his shop..

I have always found him and his family stand up members of the local community Very hard working and helpful to myself and all my 25 staff whom have been regular Customers.....

I understand that the police have applied to revoke his licence at the premises, it Seems a little harsh as a warning would have surely been more appropriate ?

I hope you may take my view into account....
