Subject: Objection to alcohol license

I am concerned to see that the shop to me has applied for an alcohol license. As I am a lone parent and we already have problems with alcohol in the area, I feel that this will cause the problems to escalate. I already feel very intimidated when I have to pass people in the street who have been drinking alcohol. I feel that there are already enough outlets in the area that supply alcohol. My property is near the shop and I have to retire early in the evening to get up for work. I have no objection to the actual shop, but I feel quite strongly regarding the alcohol.

The shop concerned is:

116 Bruin Street LE4 5AY. The application has been put forward by Mr Dharmesh Valobo.

Thank you for your consideration in this matter.
