

## Additional Information

7/8/17

To the Licensing Committee,

I am sorry due to a family bereavement I am unable to attend .Please continue with the hearing as normal.

I have submitted 3 documents via my Representative, from Greenhill Licences.

I wish to put my case forward for this Premises Licence application:

I understand the reasons for the objections but would like to strongly emphasise I am definitely going to be interested in selling cheap alcohol , I am only going to a run a small corner convenience shop and my rent and bills would be relatively be quite high .

I wish to run respectable small business and be known for being a responsible retailer.

I would, if the committee feels the hours are too long, would consider opening from 06:00 to 21:00,

Instead of 23:00 which was applied for.

I believe as a personal licence holder, I will conduct my duties with all due care and attention.

I am installing the latest CCTV before selling any alcohol and I shall put up posters of underage drinking.

As well as keeping a refusals register, any staff member will be trained appropriately.

Should you wish to clarify anything, please email or contact my representative, Greenhill Licences.

Thank you.

Regards,

D Valobo

The Local Store, 116 Bruin Street, Leicester

I would like to open a grocery convenience store with off licence. If would like to support my application please could you fill you details below .Thank you.
