Subject: application for of licence

dear to whom it may concern

I understand there is a application for a licence for the sale of alcohol at a shop that is not yet opened but soon will be on Scraftoft lane and the corner of radiant road leicester Im writing this as this is not a good idea as we have already have a general store just around the corner on scraftoft lane not 150 yards away my objection is I live just across the road from this shop and the hours of business from 7am to 11pm weekday hours and some hours during sunday this is a residential area mainly elderly people as we already have people dealing in drugs in the area sometimes just out side of the shop mentioned this would only add fuel to the fire as myself and wife work shifts so noise would be a problem so i hope that you can appreciate this and consider this application for the sale of alcohol at this premises
