The licensing department

This email represents local residents near to the application for a license at 116 Bruin street Leicester

Although we appreciate that there should be competition and equal opportunity for any new business, we feel that the area is well served with licensed clubs/bars as well as numerous off licenses. There is also a problem with littering empty cans and bottles thrown about or left on pavements and on the edges of roads. There is also a problem with the public urinating outside of properties and noise and rowdy behaviour around that particular site and area.

There are many other reasons for not granting the license but the fact that the area is well served should be sufficient enough. The public should be cared for and looked after.

There is growing unrest with unsociable behaviour in the area and we don't need to add to this or encourage this behaviour and very little help is offered from the police as no crimes as such are committed.

This is a feeling of a large number of residents whom I represent in this email and hope that are voices are heard

Regards
Residents of Belgrave near
116 Bruin street
Leicester
