

RECEIVED 20.9.17.

Dear Ms Coope. 26 SEP 2017

I would like to object to the application made for an alcohol license by D. Valero for 116 Bruin Street. The local store. I am finding life difficult enough with the alcohol related nuisance directly across the road from my property. Drinking, eating and urinating is not unusual in doorways opposite my house, and it is quite common to have drunken men congregating in the street at all times of the day and night. This is not something that anyone enjoys seeing - including the mess that can be left behind.

There are a lot of new young families moving into the area at present and at present it is not exactly a pleasant environment to be introducing young children to. I do feel that another alcohol outlet will just make matters worse.

Thank you.
