This objection relates to the following licensing objective(s):	
Prevention of crime and disorder	No
Public Safety	No
Prevention of public nuisance	Yes
Protection of children from	No

Representation

I wish to make an objection to the application for temporary event notice for the 14th, 21st, 28th November 2017 as I consider this would be detrimental to the licensing objective of preventing public nuisance.

This application is for regulated entertainment, sale of alcohol, and late night refreshment, for up to 280 people at 5 Yeoman Street between 22.00 and 04.00 hours.

The proposed venue has a number of flats adjacent to the bar and I'm concerned about impact of the music and associated on street noise as this is likely to cause a nuisance to the nearby residents, especially in the early hours of the morning when the background noise level is at its lowest as all the other venues in the area are shut.

The potential of the bar causing a nuisance is show by the fact that we have had complaints from the adjoining flats about the level of music and about the noise when the bar closes. We have also witnessed a noise nuisance on two occasions and as a result the bar was served with an abatement notice on the 3rd October 2017.

Even when the bar is playing music at a reasonable level it is still audible in the complainant's properties, as much as they understand that there will be some noise from the bar, I don't believe it is fair for them to have the music and on street noise past the already late opening hours the bar has.

Taking all this into consideration I have no choice but to **recommend refusal** of this temporary event notice.
