

APPENDIX B

26, OCTOBER 2017

TO ALCOHOL LICENSING

To whom it may concern,

I wish to express my concerns and objections to the application of late night opening hours and service of alcohol for the premises on '11 Main Street Evington Village, Leicester in the name of 'Suzy Brown'.

Firstly I live in a flat above the premises applying for the licence ,I have two children under the age of 6 and my bed-room is situated at the front of the shop and my children's bed-room is situated at the rear of the premises.

Currently there is a take-away in the village which is open till late and attracts many visitors who park their cars in the parking bays outside the shops, and create an enormous amount of noise disturbance from car stereo, to talking loudly and the odd occasions fighting amongst customers.

As my bed-room window is right below 11 main street I am gravely concern about the late night opening hours and the noise level as well as drunken patrons and public nuisance how can this surely be preventive outside my bed-room window, not for getting people who smoke if they smoke in-front of the premises that would be right below my bed-room window, I deem all of this to be highly unacceptable.

Then there is the concern for crime and disorder it will bring to my home, already the residents of main street have a problem with people loitering and selling drugs in the car park behind the shops and in the parking bays in-front of the shops. This has been reported to the police by my neighbour recently.

So this all then brings the safety and welfare of my children into question if the late night opening and alcohol licence is granted for this premises. How or why should I have to protect my children outside their own home, from public nuisance, Crime, disorder, smoking and drinking.

Yours sincerely
