### Licensing Act 2003 – Representation in respect of New Premises Application

Details of person or body making representation	
Your Name:	PC Jonathan Webb
Your Address:	Force Licensing Department, Mansfield House, 74 Belgrave Gate, Leicester LE1 3GG

Details of premises representation is about	
Name of Premises:	Lost In Leicester Ltd
Address of premises:	58 - 64 Braunstone Gate Leicester LE3 5LG
Application No. (if known)	

Please tick one or more of the licensing objectives that your representation relates to:	
Prevention of crime and disorder	<input checked="" type="checkbox"/>
Public Safety	<input checked="" type="checkbox"/>
Prevention of public nuisance	<input checked="" type="checkbox"/>
Protection of children from harm	<input type="checkbox"/>

Please summarise your concerns about this application:
<p>I write in my capacity as a licensing officer for the Leicestershire Police on the authority delegated to me by the Chief Constable.</p> <p>Leicester City Council has adopted a Special Policy in relation to applications for <b>new licences</b> or material variations in this location. The effects of this policy are set out in Leicester City Councils current Licensing policy.</p> <p>Paragraph 4.13 of that policy states:</p> <p><i>The effect of the special policies will be to create a rebuttal presumption that applications for new premises licences or club premises certificates or material variations will normally be refused. It will be for the applicant to demonstrate that the premises will not add to the existing cumulative impact. Applicants will</i></p>

*need to address this matter in their Operating Schedule.*

The applicant has made no mention in their application of the Cumulative Impact Zone (CIZ) and it must therefore be assumed that within the application they have failed to take into account the local problems and concerns. The applicant has therefore failed to address this issue directly in their operating schedule.

Leicester City Councils' Special Policy in relation to Cumulative Impact in this area has regards to all licences.

This is an application for a premises to supply alcohol until 0000hrs Sunday to Thursday and until 0100hrs on a Friday and Saturday.

Section 182 Guidance gives the following information relating to Cumulative Impact;

14.21 states "In some areas, where the number, type or density of premises selling alcohol or providing late night refreshment is high or exceptional, serious problems of nuisance and disorder may be arising or have begun to arise outside or some distance from those premises. Such problems generally occur as a result of large numbers of drinkers being concentrated in an area, for example when leaving premises at peak times or when queuing at fast food outlets or for public transport.

Braunstone Gate Cumulative Impact area can be broken down into 3 sections but when these 3 areas are taken as one they hold 78 premises licensed to supply alcohol or provide late night refreshment.

The Braunstone Gate triangle part of the CIZ, in which these premises sit, presently has 3 shops, 17 pubs and restaurants and 4 late night refreshment takeaways.

Braunstone Gate sees a large increase in footfall during the hours of 2100 to 0400 at the weekend.

Leicestershire Police provide Operation Anthem at the weekend to provide a limited increase in resources to deal with incidents in this area during these times.

Incidents occur due to the consumption of alcohol and the close proximity of members of the public in a congested area

Leicestershire Police recognise that a licence currently exists for these premises however this new application does not provide adequate conditions within its operating schedule to effectively promote the licensing objectives.

The applicant is only offering CCTV to be kept for a minimum of 7 days which is inadequate.

There is no mention of employing door staff.

There is a lack of detail in proposed policies and procedures.

It is imperative that the premises does not increase the impact on crime and disorder, public safety or public nuisance and we believe that we are right to protect the cumulative impact policy by allowing the committee to hear from the applicant and be able to question them as to how they will manage their impact on the area and promote the licensing objectives.
