Please give further details of <u>why</u> you believe this application will have an adverse effect on the licensing objectives

The premise is located directly beneath flats, and it is likely that music from the premises after 2300 will cause a nuisance to occupiers of the flats.

I therefore object to the proposed licence

I will contact the applicant to discuss potential mitigation measures that can be added as conditions to the premises licence, in particular including a condition on the premises licence requiring that all music be played through a noise limiter set at a level agreed with the Noise and Pollution Team.
