- Flamborough Road
- Herthull Road
- Fastnet Road

All these schemes are either already complete or in progress.

2) Bungalow Lighting, PIR bulkhead lighting to front doors – Longstone Green (27 bungalows)

Work will be arranged by appointment,(like repair appointments) to each address. Will be complete by end of March 2018.

3) Verge hardening on the corner of Ocean Road (adjacent to the Neighbourhood Centre) regularly damaged by vehicles. Due to be completed in December 2017.

4) New improved fencing to rear of Elmcroft Avenue bungalows along boundary line with privately owned properties. Work not yet commenced but due to be completed by end of March 2018.

2018-19 Environmental Budget

1) Willowbrook View Security

Increasing security to the maisonettes above the Thurncourt Road shops has been discussed at the last few ward meetings. I now have a costing of £9,750 to add a 1 metre nylofor security fence along the top of the perimeter wall at the rear and both sides.

I have committed £7750 from the Environmental Budget for 20-18-19 on this, the highest priority scheme. I have applied for £2000 funding from the Thurncourt Ward Budget for 2018-19.

2) Sunbury Green Parking

Additional parking bays and a short run of knee rail fencing similar to what we installed this year to prevent unlawful crossing of a small green from Kirkwall Crescent.

We can only afford 3 parking bays but will liaise with Highways in the hope they will be able to fund additional bays in 2018-19.

Current beat priorities

- To tackle anti-social behaviour outside the CO-OP superstore and children playing in the stairwells and communal areas of Willowbrook view.
- Motorists parking on street junctions and pavements causing unnecessary congestion, obstructing the highways and school areas.

We are requesting all road users park their vehicles with consideration and common courtesy i.e. not to block driveways, junctions and pavements. Thank you.

Crime Statistics for the last 3 months.

- 1) Burglary other than dwelling – 2 -both were community buildings
- 2) Burglary dwelling - 13.
- 3) Robbery – 1
- 4) Vehicle Crime –
 - Theft from Motor vehicle – 6 (3 were theft of registration plates)
 - Theft of Motor vehicle – 4 (1 was motor bike)
 - Damage to Motor vehicle – 0
 -
 - Burglaries are a big problem over all the local neighbourhoods currently and we have dedicated officers patrolling every day (day and night) to try and tackle the issue. We see an increase in burglaries at this time every year due to Diwali, Bonfire Night, Christmas and darker nights.
 - We urge everybody to keep doors and windows locked and to close curtains and blinds if going out at night and to leave a light on so it looks like someone is in.

- If you are going away over the festive period tell a neighbour or friends so that they can keep an eye on your property and if you trust them give them a key so they can close the curtains and take the post in . You can also buy a timer switch so you can time a lamp to come on at certain times so it looks like you are in.

During these cold mornings DON'T leave your vehicle unattended with the engine running!
