Protection of children from harm	

Please summarise your concerns about this application:
<p>The premises, known as Pizza Magic is located on Fosse Road South, Leicester. Although Fosse Road South is mainly a residential area it also contains a number of non-residential uses which include church premises, health centre, a public house, commercial premises such as car workshops and car sales plot. There is also two parade of shops nearby one of which also contain a hot food takeaway.</p> <p>During daytime hour's road traffic, commercial activity and on-street activity would be considered to the dominant noise source in the locality. However, after 23.00 hours non-residential uses are generally closed and therefore into the early hours of the morning traffic noise and street noise noticeably reduces.</p> <p>The Noise Team have visited the area a number of times between the hours of 23.00 and 02.00. Around 23.00 hours light traffic was observed passing along Fosse Road</p>

South however, it was observed that traffic movement noticeable reduces towards the early morning. Therefore there is an increased likelihood of noise disturbance and noise complaint from the activities inside and outside of the application premises and customer activity and traffic movement if approval for a late night refreshment licence was granted for the premises to operate until 04.00 hours daily (except Sundays; 00.00).

Noise from customer activity outside the premises to 04.00 hours would be very difficult to control by the applicant.

There is also an increased likelihood of noise disturbance to residents from car doors slamming and engines running late at night from delivery drivers parked outside the premises or in nearby streets

It is therefore recommended that the application for the grant of a late night refreshment licence be refused.
