NOTES FOR APPLICANT

1. The City Council, as local planning authority has acted positively and proactively in determining this application by assessing the proposal against all material planning considerations, including planning policies and representations that may have been received and subsequently determining to grant planning permission with appropriate conditions taking account of those material considerations in accordance with the presumption in favour of sustainable development as set out in the NPPF 2021.

Policies relating to this recommendation

2014_CS03	The Council will require high quality, well designed developments that contribute positively to the character and appearance of the local natural and built environment. The policy sets out design objectives for urban form, connections and access, public spaces, the historic environment, and 'Building for Life'.
2006_PS10	Criteria will be used to assess planning applications which concern the amenity of existing or proposed residents.
2006_PS11	Control over proposals which have the potential to pollute, and over proposals which are sensitive to pollution near existing polluting uses; support for alternative fuels etc.
