Information for members of the public

Attending meetings and access to information

You have the right to attend formal meetings such as Full Council, committee meetings, and Scrutiny Commissions and see copies of agendas and minutes.

However, on occasion, meetings may, for reasons set out in law, need to consider some items in private.

Due to Covid we recognise that some members of the public may not feel comfortable viewing a meeting in person because of the infection risk.

Anyone attending in person is very welcome to wear a face covering and we encourage people to follow good hand hygiene and hand sanitiser is provided for that purpose.

If you are displaying any symptoms of Coronavirus: a high temperature; a new, continuous cough; or a loss or change to your sense of smell or taste, and/or have taken a recent test which has been positive we would ask that you do NOT attend the meeting in person please.

Dates of meetings and copies of public agendas and minutes are available on the Council's website at www.cabinet.leicester.gov.uk or by contacting us using the details below.

Making meetings accessible to all

Wheelchair access – Public meeting rooms at the City Hall are accessible to wheelchair users. Wheelchair access to City Hall is from the middle entrance door on Charles Street - press the plate on the right hand side of the door to open the door automatically.

Braille/audio tape/translation - If you require this please contact the Democratic Support Officer (production times will depend upon equipment/facility availability).

Induction loops - There are induction loop facilities in City Hall meeting rooms. Please speak to the Democratic Support Officer using the details below.

Filming and Recording the Meeting - The Council is committed to transparency and supports efforts to record and share reports of proceedings of public meetings through a variety of means, including social media. In accordance with government regulations and the Council's policy, persons and press attending any meeting of the Council open to the public (except Licensing Sub Committees and where the public have been formally excluded) are allowed to record and/or report all or part of that meeting. Details of the Council's policy are available at www.leicester.gov.uk or from Democratic Support.

If you intend to film or make an audio recording of a meeting you are asked to notify the relevant Democratic Support Officer in advance of the meeting to ensure that participants can be notified in advance and consideration given to practicalities such as allocating appropriate space in the public gallery etc..

The aim of the Regulations and of the Council's policy is to encourage public interest and engagement so in recording or reporting on proceedings members of the public are asked:

- ✓ to respect the right of others to view and hear debates without interruption;
- ✓ to ensure that the sound on any device is fully muted and intrusive lighting avoided;
- ✓ where filming, to only focus on those people actively participating in the meeting;
- ✓ where filming, to (via the Chair of the meeting) ensure that those present are aware that they may be filmed and respect any requests to not be filmed.

Further information

If you have any queries about any of the above or the business to be discussed, please contact:
Aqil Sarang, Democratic Support Officer on 0116 4546350.
Alternatively, email committees@leicester.gov.uk, or call in at City Hall.

For Press Enquiries - please phone the **Communications Unit on 0116 454 4151.**

AGENDA

FIRE / EMERGENCY EVACUATION

If the emergency alarm sounds, you must evacuate the building immediately by the nearest available fire exit and proceed to the area outside the Ramada Encore Hotel on Charles Street as directed by Democratic Services staff. Further instructions will then be given.

1. APOLOGIES FOR ABSENCE

2. DECLARATIONS OF INTEREST

Members are asked to declare any interests they may have in the business to be discussed on the agenda.

3. MINUTES OF THE PREVIOUS MEETING

**Appendix A
(Pages 1 - 4)**

The minutes of the meeting of the Commission held on 22 March 2023 are attached and Members are asked to confirm them as correct record.

4. MEMBERSHIP OF THE COMMISSION 2023/24

The Membership of the Economic Development, Transport and Climate Emergency Scrutiny Commission is as follows:

Councillor Waddington (Chair)
Councillor O'Neill (Vice Chair)
Councillor Batool
Councillor Dawood
Councillor Osman
Councillor Porter
Councillor Rae Bhatia
Councillor Whittle

Members of the Commission are asked to note the Membership of the Commission.

5. DATES OF THE COMMISSION 2023/24

The dates of the Economic Development, Transport and Climate Emergency Scrutiny Commission are as follows:

Thursday 27th July 2023

Wednesday 30th August 2023
Wednesday 18th October 2023
Thursday 7th December 2023
Wednesday 31st Jan 2024
Wednesday 20th March 2024

Members of the Commission are asked to note the dates of the Commission.

6. QUESTIONS, REPRESENTATIONS AND STATEMENTS OF CASE

The Monitoring Officer to report on any questions, representations and statements of case received in accordance with Council procedures.

The Following Statement of Case has been received from Elizabeth Moles:

With pedestrian crossings, I would like to see more time for crossing and, ideally, a timer to tell how long we have to cross. This is because parents with small children need time, so do disabled people.

I propose at least one information board, but possibly more, to remember and inform us about Mary Attenborough and her role in hosting refugees from the Civil War in Spain, children affected by the Guernica bombing, and Jewish children and adults affected by fascism in Germany. All this happened in Leicester when she lived at College House on the uni. Campus.

7. PETITIONS

The Monitoring Officer to report on any petitions received in accordance with Council procedures.

8. OVERVIEW OF THE ECONOMIC DEVELOPMENT, TRANSPORT AND CLIMATE EMERGENCY SCRUTINY COMMISSION

**Appendix B
(Pages 5 - 44)**

The Director of Planning Development and Transportation, the Director of Tourism, Culture and Inward Investment and the Director of Estates and Building Services submit a presentation, providing the Commission with an overview of the portfolios.

Members of the Commission are asked to note the presentation and forward any questions and queries to the Directors.

9. WORK PROGRAMME

Members of the Commission will be asked to consider items for the future work programme.

SCRUTINY COMMISSION

Held: WEDNESDAY, 22 MARCH 2023 at 5:30 pm

P R E S E N T :

Councillor Joel (Chair)

Councillor Waddington

Councillor Whittle

* * * * *

137. APOLOGIES FOR ABSENCE

Councillor Joel, as Chair led on introductions.

Apologies for absence were received from Councillor Fonseca and Rae Bhatia.

138. DECLARATIONS OF INTEREST

There were no declarations of interest.

139. MINUTES OF THE PREVIOUS MEETING

AGREED:

The minutes of the meeting of the Economic Development,
Transportation and Climate Emergency Scrutiny Commission held on 26
January 2023 be confirmed as a correct record.

140. QUESTIONS, REPRESENTATIONS AND STATEMENTS OF CASE

The Monitoring Officer noted that none had been received.

141. PETITIONS

The Monitoring Officer noted that none had been received.

142. UNEMPLOYMENT DATA PRESENTATION

The Senior Intelligence Analyst introduced the item and provided the

Commission with demonstration of the newly launched Unemployment Data on the open data platform. It was noted that the data on the platform is updated on a monthly basis and that the platform allows for local, regional and countrywide comparisons.

As part of the discussions, it was noted that:

- The open data platform allows for a targeted approach of interventions as the data collected is broken down to ward and demographic levels
- Although the platform was not broken down in terms of economic activity and economic inactivity, increasing amounts of data around this have become available recently and these would be published by the ONS in the coming months
- Similarly, the platform has not broken down the data in terms of ethnicity, but there was some additional data from the ONS pending which would look at various labour market variables by ethnicity.

Councillor Waddington further noted that this data would be very important in terms of developing policies and targeted initiatives. It was further suggested that this was the type of information that would be helpful to identify areas of the city where there could be potentially people not making an income increasing the levels of poverty in the city. Once the dashboard had all the information available it would be beneficial for the Commission, Officers and the Executive to draw up relevant policies and priorities for future initiatives.

The Director of Tourism, Culture and Inward Investment took the opportunity to note that the presentation was a snapshot of the dashboard which was building up all the time and how the data can be used to identify trends and allow for targeting initiatives. The platform allowed for data to be broken down in different time series and comparators which was very helpful. Once the platform accommodated further data in due course this would allow for a much improved platform.

The Chair suggested that, it will be useful to get an update once the dashboard is able to do a lot more in terms of the level of granularity of the data that it holds and how it can be used.

AGREED:

That the Director for Tourism, Culture and Inward Investment be requested to update the future Commission on the Open Data Platform once there was more depth to the platform.

143. ADULT EDUCATION AND MULTIPLY SERVICE

The Director for Tourism, Culture and Inward Investment introduced the item, in the absence of the Head of Adult Education. It was noted that the service was still in a recovery phase following the pandemic and that 10% of learners were still learning online and that staff have become more compatible with the changing technology.

It was further noted that the long awaited new website for Adult Education had

now been launched.

In response to Members questions, as part of the discussions it was noted that:

- The service was still in a recovery phase, but the following year projections suggest that the number of learners would be similar to the figures from pre pandemic
- A whole series of venues were used to deliver a host of different courses across the city, including an online platform to accommodate those learning online
- The number of learners had decreased nationally but the service had continued to deliver even with cuts from central government with a 97% retention rate
- Projection figures would be requested from the Head of Adult Education to investigate whether the projections were due to the pandemic or a lack of funding.

Councillor Waddington noted that in the past Adult Education used to provide affordable childcare to mothers who were participating on courses and suggested that this would be beneficial to mothers across the city who wanted to gain qualifications but childcare was an issue.

In response to the Chair, it was noted that information on third party delivery of courses could be provided by the Head of Adult Education, but it was noted that a large workforce was used to develop projects and most of the work was delivered through in house staff.

AGREED:

That, the Head of Adult Education be congratulated for the delivery of service.

144. TRANSFORMING CITIES FUND AND CONNECTING LEICESTER

The Transforming Cities Fund Project Manager delivered an overview of the presentation.

As part of the discussions, it was noted that:

- Members of the Commission strongly welcomed the electric busses and the Commission were looking forward to the launch of the new Hop service in the city centre which would also include the train station on its route as suggested by the Commission
- The Hop service would be the first of its kind and a survey would be run over the trial period to identify the patterns and types of usage
- Segregated cycle lanes were the preferred option but as indicated in the presentation, at times an alternative dual use lanes are used when segregated lanes are not viable
- The real time totems were overall providing accurate data but there were some caveats and improvements had been made to ensure that information displayed was accurate
- The totems were good in comparison to Nottingham.

The Director of Planning, Development and Transportation, noted that there had been recent driver shortages within the bus operators which and resulted in some delayed services and that there were a whole raft of changes taking place to resolve the matter.

The Chair requested information on the cycle scheme going bust. In response to the Chair, it was noted that this was a disappointing outcome with over 3K rides a week before the winter. The scheme provider was in the hands of the liquidator and that the Council had not put any of its own money into the scheme and it had been funded through the Transforming Cities Fund Scheme. Capital funds would be recovered from the liquidator and that a further update would be provided following discussions with the liquidator.

AGREED:

That the Officers be thanked for the presentation and that the presentation be noted.

145. UK SHARED PROSPERITY FUND

The Assistant City Mayor for Policy Delivery and Communications introduced the item and noted that there was not enough funding to deliver what the city needed yet the Council continued to solve a bigger problem with less funding.

The Director for Tourism, Culture and Inward Investment provided an overview of the report and noted that this would need to be signed off by the leadership of the Council following the election in May. Following which scheme would be launched with third party organisations launching by the end of September or early October with inhouse projects launching sooner.

As part of the discussions, the Chair noted that it was good to hear that partnership work was taking place already.

AGREED:

That the report be noted.

146. WORK PROGRAMME

The work Programme was noted.

147. ANY OTHER BUSINESS

The Chair took the opportunity to thank Officers and Members of the Commission for the continued efforts on the Commission.

There being no further items of business, the meeting closed at 6:55pm.

Leicester and Leicestershire Local Enterprise Partnership (LLEP)

ROLE OF LEPs

LEPs are business led partnerships between local authorities and local private sector businesses.

Created in 2010, LEPs played and continue to play a central role in determining local economic priorities and undertaking activities to drive economic growth and job creation, improve infrastructure, and raise workforce skills within the local area.

Leicester City Council are the Accountable Body for LLEP.

LLEP's board is led by a business Chair and board members are local leaders of industry (including SMEs), educational institutions and the public sector.

More info on LLEP board can be found [here](#)

Leicester and Leicestershire Local Enterprise Partnership (LLEP)

The future of LEPs

In March 2023 the Chancellor announced that the government were minded to withdraw funding for LEPs from March 2024, with their core functions moving in to local authorities

In June 2023, the LLEP board ratified their decision to cease activity as a board in March 2024, in line with proposed funding withdrawal

A transition board is in place to support the LLEP executive, LLEP board and partners to identify and transition the relevant functions
