Appendix B

Traffic and Highways:

Shady Lane signage

We are unsure what this refers to. Happy to arrange a site visit if required?

Goodwood Crescent parking

We meet with Cllr Haq and residents, to look at the parking issues on Goodwood Crescent. Various options were discussed, including the construction of parking laybys (that would invariably just be utilised by hospital staff) and a residents parking scheme (which residents felt that they did not want to pay for). It was decided that additional parking restrictions could be put in place around the junctions, to stop the unsafe parking. These measures are part of a batch of works called 'Local Environmental Works – Traffic Regulation Orders' and will be started on in August. There is a legal process to follow and so we estimate that we will be able to install the signs and lining in 6-9 months' time.

Wicklow Drive Road surfacing

Work to resurface Wicklow Drove, between Goodwood Road and Ambassador Road is programmed to start on Saturday 9th August for four days. Residents' letters are due to be delivered on 28th July, two weeks before we start.

Parking issues re Spencefield Lane and Coleman Road

We are aware of parking issues due to parents dropping off and picking up school children in the area. We continue to work with the schools, pupils, and parents to encourage active travel to and from school. We enforce current parking restrictions in the area, specifically at the start and end of school days, but are unable to be present at each school in the city every day.

Appendix C

City Warden:

Information on prices changes to Protection Orders –

Fly-Tipping (Higher Amount £1,000) Be aware these look identical to the lower amount FPNS as there are now two.
