5. POLICING UPDATE

Sergeant Dave Thompson introduced himself and informed the meeting he had taken over from Sergeant Rich Jackson, and informed residents that if they had any issues, then he could be contacted directly. Sergeant Thompson then gave an update on Policing issues and answered questions from residents, highlighting the following points:-

- Crime statistics in the ward for the 12 month period from April 2011 to April 2012 were down by 11%.
- There were 29.6% fewer burglaries.
- Theft of motor vehicles was down by 14.6%.
- Theft from motor vehicles was down by 3.7%.

Sergeant Thompson stated the reduction in crime was a testimony to the work of the team, and he encouraged people to report suspicious activity during the summer

months, during which crime prevention would be highlighted amongst residents. During July in 2011 there had been a small spike of burglaries in dwelling houses due to people leaving open windows and doors due to the warm weather, and that he was raising awareness of the issue for the forthcoming summer period. He asked that residents remember to lock doors and windows, and ensure that valuables were locked away, especially on the ground floors of homes, and that valuables in cars were kept out of sight, and any indications of the use of a sat nav.

Sergeant Thompson also informed residents that concerns had been raised regarding speeding in the ward. The Police had acquired a speed gun which had been deployed in certain areas following one serious accident and one slight injury in the area. Councillor Westley stated that the Ward Community Fund had contributed to the purchase of the speed gun. Sergeant Thompson agreed to a request to bring a report on how the speed gun was working and crime statistics to the next meeting on 5th September 2012.

With regards to drugs misuse, Sergeant Thompson reported that a large number of warrants had been issued in the ward, and he asked that residents report any suspicious activity to the Police.

A point was raised in which it was reported that large numbers of young people were having their mobile phones taken from them, and that it appeared to be a growing trend. Sergeant Thompson encouraged young people to report the incidents.

It was stated by some residents at the meeting that the Gipsy and Traveller site at Greengate Lane had horses near to the roadside and young children driving vehicles, and that the issues had been reported to the Police. The residents were informed that the Ward Councillors had been to look at the site, and that the Police attached to the Multi Agency Traveller Unit would deal with the reported issues. Inspector Morris present at the meeting, informed residents that he would go through the incidents reported to ensure they were followed up.

Ward Councillors acknowledged the Police update and were pleased that figures for reported crime had gone down. The Police were thanked for all of their hard work.

6. CITY WARDEN UPDATE

Matthew Davinson, City Warden for Beaumont Leys and Abbey Wards, provided an update on issues dealt with in Beaumont Leys Ward and answered questions from residents:

- City Warden numbers had been reduced from 22 to 16 in the city.
- Fly tipping in Bluegates Road had ceased.

- A Fixed Penalty Notice (FPN) on Lombard Crescent had been issued.
- Councillors and residents reported issues of dog fouling behind Beaumont Lodge and the fly tipping of garden rubbish on Castle Hill Country Park.

Matthew reported that issues were reported to the relevant sections, for example, Parks staff for parkland. He stated that residents on Heathley Park had problems with people parking on double yellow lines. He had liaised with City Highways who would consult with all residents over the issues. He asked that people report issues to him, but if witnesses were not willing to give statements, there was not a lot City Wardens could do. Matthew also reported that the Council operated a collection service for garden waste, and that he would monitor the situation.

Councillor Dempster asked residents to also contact Councillors with particular issues so that patch walks could be organised with the relevant officers. Councillor Westley reported that there was a 'Big Clean' operation in the city which would affect all areas. Residents were informed that warning letters and fines would be issued to people who were caught fly tipping.

Residents asked if another bin could be put between Glebelands and Thurcaston Park for dog waste. Matthew informed the residents that any bin could now be used for dog waste, but he would contact City Cleansing to ask if another bin could be installed in the middle of the pathway.

It was reported to Matthew that an area of grassy verge neat the Barleycroft Youth Centre was unusable by children, as it required clearing of needles, etc. Youth Workers at the meeting asked if the number for City Cleansing enquiries could be included in any newsletters that were circulated in the future, to enable people to report issues. Residents also reported issues regarding wooden fences and grass verges on Beaumont Leys Lane. Matthew stated he would pass on all issues to the relevant services.

Councillor Meghani informed the meeting that 11 new grit binds for parts of the ward had been secured, the locations of which could be found on the City Council's website.
