## **28. CHANGES TO YOUTH SERVICE PROVISION - UPDATE**

Linda Holmes, Operations Manager, Youth Services attended the meeting to give an update on changes to Youth service provision since her last update at the 28<sup>th</sup> September meeting of the Community Meeting.

Linda reported that the first Citywide conference of youth representatives had now been held and the second conference would be held in June.

Linda stated that the City would be divided into four areas, with two Integrated Centres in each. Each area would have a Key Youth work base, the local base being the Armadale Centre. An Area Manager would be based at the Armadale Centre plus full time youth workers and some family workers.

Gerry Burke, Area Manager would be based at the Armadale Centre and would be moving over within the next couple of weeks. As soon as the Centre was staffed contact would be made with young people locally to ascertain what they require. The workers based at Armadale would cover an area larger than just Humberstone and Hamilton.

The Gym equipment referred to at the last meeting was now in the process of being moved from Armadale to the Netherhall Centre. IT equipment at the Armadale Centre that had been non-operational for some while was to be reinstated and operational for for general use. Discussion had been held with Annie Vestey, City Council Catering Manager regarding the catering standard kitchen equipment that

had been installed at the Armadale Centre sometime ago and never used, the idea being to utilise the kitchens and equipment as part of a Catering Course for young people.

The newly appointed Youth Involvement Officer for this area would hopefully be working closely with the Community Meetings and the also the Youth Council. Each of the four City Youth Areas would have their own designated Youth Involvement Officer and Bez Killeen would remain as the liaison for the Youth Council citywide. It was anticipated that the work being undertaken could be expanded.

Linda stated that she was aware of the concerns around the lack of youth activities in the Hamilton area and it was hoped that, under the new arrangements, a close look could be taken of this area and an assessment made of the activities in place and those that were required.

In concluding the Chair stated that the local Housing Office had arranged for the outdoor gymnasium equipment, referred to at the last meeting, near to the Blue Fish bar on Netherhall Road.

RESOLVED:

that the information be noted.

## **29. LOCAL POLICING UPDATE**

Ps. Wayne Nimblette attended the meeting and reported that over the last 90 days 396 incidents had been recorded a lot of which were non-crimes. The crimes were listed as follows: -

- 77 Assaults
- 18 Burglaries
- 20 Damages
- 3 Racist Incidents

There were ongoing ASB problems in the Netherhall area and a couple of operations had been carried out over the last couple of months, since then the incidences of ASB had reduced. Several youths had been identified who were the main perpetrators and one arrest had been made the previous day. It was stated that a number of the youths did not actually live in the Netherhall area.

The Police were currently looking at the on-going problems of car-parking outside schools and were trying to police it. Work was being undertaken to put a plan together.

A member of the public stated that there were ongoing problems of vehicles parked on kerbs on various parts of Hamilton estate causing disabled people to walk in the road to negotiate the obstructions. Ps Nimblette stated that Police officers had been to the area to assess the extent of the problem.

In concluding local residents were urged to use the 101 number to contact the Police for non-emergency calls, the 222 2222 number was being phased out. A further way

to keep in contact with local Police officers was via Twitter and people were urged to use this facility.

RESOLVED:

that the information be noted.

### **30. LOCAL HOUSING UPDATE**

Andy East, Team Leader, Area Housing Office attended the meeting and update the meeting.

Andy stated that the Housing Environment Budget was available locally each year to improve areas within Council Housing and had recently funded a number of improvements around the Netherhall Road shops. For 2013/14 funding would again be available (£50k, as in previous years) and it was apparent that more car parking bays were required and a number of sites had been identified, including Keyham Lane West.

The Chair informed the meeting that there were a potential 300+ new homes to be built on a site off Keyham Lane West and suggested that officers delay any proposed layby works here as these could be dug up again as part of the new housing development. Officers also needed to be aware of bus routes that operated on roads that were to be treated to laybys.

A member of the public stated that he was concerned at the state of the lower brick courses on a couple of properties on Manor House Gardens that appeared to be deteriorating as if the damp course was not functioning. Officers agreed to visit the properties in question.
