Women Talking, City Listening

The lives of women in this country have changed so much since we got the vote just over 100 years ago.

Women can now get mortgages, hold senior jobs and sit as MPs in Westminster.

But women do not always find it easy to achieve their goals.

A new project in Leicester is going to talk to women aged 18 or above to find out what you need to help you. Tell us your hopes, your ambitions – and your difficulties.

Funded by central government, the Women Talking project will collect information from women across the city in 2019 and 2020. We will then report back to the government to show what they can do to support women.

There will be lots of ways for you to let us have your thoughts: through workshops, forums, fun days, surveys and much more.
