1. Decision Summary:

Members and the City Mayor to note the work and activities undertaken by Leicester City's Independent Reviewing Officers Service.

The Independent Reviewing Officers' Service operates within the context of Leicester City Council being the 'Corporate Parent' for all of the children and young people in its care.

As Corporate Parents, the Council's ambition is not merely limited to ensuring that children and young people in care are safe and their welfare promoted, but they achieve their possible outcomes.

In order for the aspirations and expectations for children who experience our care to be realized, it is important for the Corporate Parenting Board (responsible for achieving them) to receive regular reports setting out progress. The annual Independent Reviewing Officer (IRO) report is part of that process.

As a service, we believe that transparent challenge and a collaborative approach across the Council and its partners, are more effective in improving the experiences and the outcomes for children in our care. Therefore, this report is aimed to provide opportunities for reflection and potentially influence/ inform future plans of actions and development of services across the Council.

In addition, the Independent Reviewing (IRO) Service for looked after children is required in accordance with the Children and Young Person's Act 2008 and subsequent statutory guidance published by the Department for Children Schools and Families in 2010 as set out in [The IRO Handbook](#).

Following presentation to the responsible Leicester City Council's Director for Children Services, Lead Member for Children and the Corporate Parenting Board, the report will be placed on the Council's website as a publicly accessible document

2. Why it is needed:

The report provides:

- an overview of Leicester City's children looked after population
- a summary of the Local authority's and IROs activities in the context of the 2019/2020 performance information;
- an overview of the participation of children and young people

The report notes the significant improvements made by the service, the Local Authority and partners in the period as follows:

- significant increase in IROs' oversight leading to better grip and challenge around progression of care plans

- continuing positive impact of the Edge of Care Services leading to successful pre-proceedings interventions and less children in care
- increased number of Special Guardianship Orders leading to children achieving permanency outside the care system.
- fully implemented offer of advocacy for our children looked after in meetings
- new developments in safeguarding children through robust and timely Foster Care Reviews and an increase in Independent Visitors

Areas for further focus:

- the partnership response to the health and educational needs and outcomes of our looked after children;
- the continuing development of the Signs of Safety, Stability Success and Wellbeing model for our LAC
- implementation of the Care Leavers' Action Plan & Transitions Strategy
- implementation of the sufficiency strategy
- targeted IRO focus on the most vulnerable children in and leaving care
- consistent high-quality child centred LAC/Pathway Reviews leading to improved outcomes for our children and young people
