Prevention of crime and disorder	No
Public Safety	No
Prevention of public nuisance	Yes
Protection of children from harm	No

Please summarise your concerns about this application:
<p>The proposed venue for the event is surrounded on each side by residential properties. Though the area is relatively noisy in the daytime, it is much less so during night-time hours. The event is of concern as it has high potential to cause loss of amenity and disruption to nearby residential properties by way of noise from amplified music and voices. The use of the garden area especially has the potential to disrupt not just the immediate neighbours, but residents further along.</p> <p>The TEN includes amplified/live music until 23:00, however there is no clear finish time for the event itself. Raised voices can still cause disruption particularly with the proposed attendance of up to 80 people. Additionally, when people exit the premises onto the street, this has the potential to cause further disruption to residents along Welford Road.</p> <p>An event was held previously by the applicant at 100 Howard Road. This event led to a complaint to the noise and pollution team and further reports of disruption from music and voices from other neighbours at the time.</p>

I recommend refusal of the TEN as it does not promote the licensing objective 'Prevention of Public Nuisance'.
