	<p>With the crossing point, would it be possible to extend the zigzag lines up to the school carpark entrance? We were unsure if the proposed markings for the crossing would be long enough.”</p>

D.2 The response to the issues raised by the School is as follows:-

If may be possible to extend the zig-zag markings up to the school entrance. The standard layout is 8 marks on both the approach and the retreat. Under special circumstances, these may be extended or trimmed. Further investigations will be carried out to see if this request can be accommodated.
