Please tick one or more of the licensing objectives that your representation relates to:

Prevention of Public Nuisance

Please summarise your concerns about this application: This area is predominantly residential and other than Athena on a Saturday night, there is no late night music or noise disturbances and even then Athena only goes on until 11pm on a Saturday night. Permitting this license will lead to disturbance of the peace in this area so we ask that it's kept within sociable timings. On a weekday we would prefer it to be no later than 10pm and on a weekend no later than 11pm.

Please give further details of WHY you believe this application will have an adverse effect on the licensing objectives : Self explanatory - they have requested late night entertainment and live music beyond sociable hours for local residents. There are 15 flats directly above this premises with one retail unit and the residents do need to be able to sleep. Proposed live music indoors and outdoors will also add to the noise levels.

Are there any changes that could be made to the application that would reduce or remove your concerns?: Yes

Please explain what changes you think would help:Variations of the application to be within more sociable timings. As noted in my earlier comments.

If appropriate, would you be willing to take part in mediation to try to reach an agreed outcome?: Yes
