concern and following previous nuisance from the premises, music was removed from the licence at review hearing in December 2022.

I understand the applicant has stated that they have a noise limiting device that they will use. If this device is set and utilized correctly it would alleviate our concerns, Therefore, I have contacted the applicant about having this a condition on the licence and I have requested that they contact you in writing to confirm their agreement.

- *A noise limiting device shall be installed, set and maintained at a level agreed with the Leicester City Noise & Pollution Control Team, and all amplified music or voice shall be played through this device at all times.*

In the absence of such a formal written request being made, I will recommend refusal for this licence application as it stands.

Kind regards
