Application No. (If known): 170434

Please tick one or more of the licensing objectives that your representation relates to: Prevention of Crime and Disorder, Public Safety, Prevention of Public Nuisance, Protection of Children From Harm

Please summarise your concerns about this application: Late night Noise.
Crime and disorder through alcohol related street drinking.
Safety of local residents.

Please give further details of WHY you believe this application will have an adverse effect on the licensing objectives : Evington Rd has a growing problem with large groups street drinking around shops selling alcohol during the day and late at night.

Alcohol related incidents around shops like One Stop late at night are a common occurrence and another shop further along Evington Rd will introduce the same issues where they currently don't exist and create the potential for alcohol related violence and disturbances and residents will fear walking out late at night for fear of being accosted by street drinkers who also regularly beg for money.

Operating till midnight in a residential area will also create additional noise from visitors coming to buy alcohol with cars parking in residential streets late at night as there is insufficient parking around the premises.

The premises should not be allowed to sell any alcohol beyond its current permitted hours of 11pm

Are there any changes that could be made to the application that would reduce or remove your concerns?: No
