> I would like to formally object to the proposal to grant a license for the sale of alcohol until midnight. This decision could have significant negative consequences for our community, including:

> 1. Increased Anti-Social Behavior: The road is already experiencing issues with individuals who engage in public drinking throughout the day, which disrupts businesses and deters customers. Extending alcohol sales hours will likely exacerbate these problems, particularly at night, leading to a rise in anti-social behavior.

> 2. Negative Impact on Local Businesses: The disturbances caused by intoxicated individuals discourage customers from visiting shops and restaurants in the area. Extending alcohol sales hours could worsen this situation, harming the local economy and reducing foot traffic for businesses.

> 3. Public Safety Concerns: Families may feel unsafe visiting the area, especially in the evenings, due to an increase in disruptive behavior. This will diminish the community's sense of safety and could deter families and other visitors from supporting local establishments.

> 4. Potential Increase in Crime: There is a risk of increased shoplifting and petty crime as individuals with alcohol addictions may resort to theft to fund their habits. This will place an additional burden on business owners and law enforcement.

>

> For these reasons, I strongly urge that this application for an extended alcohol sales license be denied in the interest of public safety and the well-being of our community.
